

BEIRUT BOMBARDED BY ITALIANS TODAY

COMMANDER OF ITALIAN FLEET DEMANDS TOWN TO SURRENDER BUT ALLOWS NO TIME FOR ANSWER.

SIXTY PERSONS DEAD

Large Number of Americans and Christians Imperiled in Attack and Inhabitants Are Thrown Into Panic.

Beirut, Syria, Feb. 24.—A battle of Italian warships this morning bombarded this city, killed many persons and wounded a large number of others. At least sixty persons are known to be dead.

They also sank a number of small Turkish gunboats anchored in the port.

Appearing suddenly off the port the commander of the Italian gunboat Volturno and the armored cruiser Giuseppe Garibaldi went to the harbor in a preliminary demand for the surrender of the Turkish gunboats in the harbor.

Before the provincial governor could deliver his reply to the Italian commander or ask for time to negotiate the cruisers opened a devastating fire.

In a short time the Turkish gunboats in the harbor were in a sinking condition. The customs house was damaged and other buildings also suffered.

A number of non-combatants who came within range of fire while passing along the streets were slain or injured. A panic set in and the people set out in droves toward the Lebanon hills.

London Dispatch. London, Feb. 24.—Three Italian warships are bombarding Beirut, the principal seaport of the Turkish empire, on the Mediterranean, according to a special dispatch received here this morning. The majority of the inhabitants of the city are Christians.

The reported bombardment of Beirut by Italians is the first sign of Italian naval activity in the Mediterranean for a long time and appears to be part of the new plan of campaign announced recently by the Italian government. The city has only a small Turkish garrison of five hundred infantry, 250 cavalry and detachments of artillery and engineers.

It is not strongly fortified. In Beirut there is a large foreign population, most of whom are Christians and there are thirty-eight churches of various Christian denominations. The American Presbyterian mission has been active in Beirut for nearly a century. It possesses a church, a Sunday school and girls' school, and a printing office in the city itself where it publishes a weekly newspaper and a monthly magazine.

Spread over the province are about 150 other schools connected with American missions, with many thousands of pupils. Three married missionaries with their wives, one bachelor missionary, and five women missionaries are engaged in the work of the society in Syria. The Syrian Day Adventist missionary board has four missionaries in the country.

Fears Quelled. Beirut, Feb. 24.—The Rev. Howard B. Miles, son of the founder of the Syrian Protestant college, is in active charge of the situation. When the Italian vessels opened fire there was almost a panic among the inmates of the college, but their fears subsided when he found the gunners were not aiming at the buildings.

Battle at Zentur. Paris, Feb. 24.—An Italian force was defeated by the Turks and Arabs at a violent combat town about four miles to the west of Tripoli, according to dispatches received here today from the correspondent of the Paris Times, who are with the Turkish army at Azizia, near Dehliat.

ATTACKS TEACHING CHILDREN TO DANCE

Prof. M. V. O'Shea Declares Introduction to Ball Room at an Early Age is Blunder.

[BY ASSOCIATED PRESS.]

La Crosse, Feb. 24.—In a speech here recently Prof. Michael Vincent O'Shea, of the University of Wisconsin, attacked the methods of bringing up children which he said were prevalent in society. The training of children to dance at an early age, thus introducing them to the atmosphere of the ball room was criticized as particularly a blunder.

CONFUSION FOLLOWS LOSS OF RECORDS

Naturalization Records of Monroe County Missing for Time Previous to 1883.

[BY ASSOCIATED PRESS.] Sparta, Wis., Feb. 24.—The recent discovery that all naturalization records of Monroe county prior to 1883 are missing, makes legal foreigners of all persons naturalized prior to that time in the opinion of attorneys, and a number of men who have been active in politics and business at Sparta for many years today made application for new papers. One of those affected is a former prominent republican leader in the county and one of the active and a former member of the legislature. The naturalization process will require 5 years during which time the applicants cannot vote or hold office.

ROOSEVELT VISITING FRIENDS IN BOSTON

Left New York for Short Visit With Intention of Attending Harvard Meeting.

[BY ASSOCIATED PRESS.] New York, Feb. 24.—Col. Theodore Roosevelt left New York at ten o'clock this morning to visit friends in Boston. The former president declined to say where he would stay during his four days' sojourn there or what he will do, with the single exception of an announcement that he would attend a meeting of the Harvard overseers.

To the suggestion that he would find it difficult to withdraw from public view at a time when his reply to the eight governors asking him to state his position regarding the presidential nomination was given out, Col. Roosevelt smiled. The reply is to be made public Monday morning.

NEGROES ARRESTED FOR HEINOUS DEED

Man Murdered and His House Robbed and Burned to Cover Crime.—Negroes Suspected.

[BY ASSOCIATED PRESS.] Gallipolis, Ohio, Feb. 24.—Peter Serrier, a well-to-do farmer living near this city, was brutally murdered last night and his home robbed and burned in an attempt to cover the crime. Serrier's head was severed entirely from his body by his assailant whose sole intent, apparently, was to rob. The head was found several feet from the body which was lying on the bed in the farmer's home. After an investigation by the sheriff and several deputies, two negroes living in the vicinity were arrested.

BRIEF TIME IN WHICH TO FILE PETITIONS

Those for Presidential Nominations and Delegates to National Conventions Soon Due.

Madison, Wis., Feb. 24.—Petitions for presidential nominations and for delegates to national conventions must be filed not more than 40 days nor less than 15 days before the spring election April 2, according to a circular sent today by secretary of state Frank to managers of the various presidential committees, in response to their requests.

TO TREAT PROBLEM OF CHICAGO'S IDLE

Commission Appointed by Mayor Harrison Held First Meeting Today and Prepare for Work.

[BY ASSOCIATED PRESS.] Chicago, Feb. 24.—The first meeting of the commission recently appointed by Mayor Harrison to determine the cause for 125,000 men being idle in Chicago, was called for today by Chas. H. Crane, the chairman. The commission was expected to devote most of its time to organization. Arrangements, it is said, would be made to call on witnesses. Many will be asked how long they have been unemployed, how earnest they have been in their endeavor to find work and for what reason they were last discharged.

NORTHERN SEED CORN LOW IN GERMINATION.

Anxiety Among Pierce and St. Croix County Farmers as Result of Experiments.

[SPECIAL TO THE GAZETTE.] River Falls, Wis., Feb. 24.—That the seed corn of Pierce, St. Croix and surrounding counties is a rule shows a very low per cent of perfect germination was the discovery made by Prof. Welles of the River Falls state normal school, who is testing seed corn for farmers of those counties. The percentage ranges from 40, the highest to 8 percent, the lowest tests made up to the present time. Much anxiety has been created among the farmers as a result of this showing.

LIST OF ACCREDITED FARMS IS INCREASED

Dejean Man's Farm Included in Five Accredited by State Agricultural College.

[SPECIAL TO THE GAZETTE.] Madison, Wis., Feb. 24.—The Wisconsin college of agriculture has added five farms to the list of accredited farms, as follows: J. P. Hozel, Eden; Roy Berlin, Rosebud; M. L. Welles, Rosebud; E. E. Jones, Rosebud; and A. R. Ives, Dejean. Agricultural students who have completed a prescribed amount of their course and have sufficient practical experience in farming will be sent to these Wisconsin farms to secure further training. There are now seventeen accredited farms.

NTW YORK COUPLE WEDDED FOR SEVENTY-THREE YEARS.

Mathias Shalek and Wife, Both Aged 99, Have Been Married Nearly Four Decade Years.

[BY ASSOCIATED PRESS.] New York, Feb. 24.—Mathias Shalek and his wife celebrated their seventy-ninth anniversary of their wedding today. This is also Mr. Shalek's ninety-ninth birthday, and his wife is ninety-eight years old. Both are enjoying good health. The couple say they expect to live to pass the 100 year mark. "We have had our little quarrels and squabbles, but I don't think would have been happier if we had not had them," said Mrs. Shalek.

CRISIS APPROACHES IN CUBAN AFFAIRS IS REPORT TODAY

Recent Decree of Supreme Court of Republic Is Cause for Present Unrest.

[BY ASSOCIATED PRESS.] Washington, D. C., Feb. 24.—Another crisis in Cuban affairs apparently is at hand. Reports from the island indicate that the unrest temporarily quieted by Secretary Knox's recent note of warning is about to break out anew as a result of the Cuban supreme court's decision invalidating the law asking office holders who were Spanish sympathizers during the revolt.

The execution of the court decree would involve the reinstatement of a large number of displaced office holders and the dismissal of the so-called Veterans who were put in their places. With this in prospect the leaders of the veteran associations are said to be in a ugly humor and if they should attempt to enforce the decree serious trouble would ensue.

The veterans who are both numerous and powerful abated the demand of complete expulsion of the government position of all Spanish sympathizers only on promise of the implied threat of American intervention contained in Secretary Knox's note. The United States would insist on the maintenance of the republican form of government in Cuba.

Developments are being awaited with keen interest in official circles here. It is believed that the situation will tax the resources of the President to the utmost.

FUNERAL SERVICES FOR DUKE OF FIFE

Body of Lord Who Dies in Egypt Honored Before Burial in Scotland.

[BY ASSOCIATED PRESS.] Portsmouth, Feb. 24.—The British cruiser Powerful arrived here today with the body of the late duke of Fife, who died January 29, at Assuan, in Egypt, from pleurisy and congestion of the lungs, the result of exposure from the wreck of the peninsula and oriental steamer Delphi of Cape Spartel, Morocco, on December 15. The body was accompanied from Egypt by the princess Royal and her two daughters, King George, Queen Mary and Queen Mother Alexandra met the vessel at Portsmouth and accompanied the widowed princess to Windsor. The body was taken to the royal palace there, where a funeral service will be held before it is removed to Scotland for burial.

STUDENTS TO STUDY AVIATION SCIENCE

Club Organized at University to Investigate Flying Machines and Their Use.

[BY ASSOCIATED PRESS.] Madison, Wis., Feb. 24.—Flying machines and the principles of aviation are to be studied by students in the college of engineering of the Wisconsin University as the result of the formation of the aeronautical club by students in the college. In response to the growing demand for some instruction in air at the University of Wisconsin a course in the general survey of fine arts has been started this semester and 135 students have been enrolled.

ATTORNEY T. SPENCE DIES OF PARALYSIS

Member of Firm Spence & Quarles Stricken in Supreme Court Room Today and Died Shortly.

[BY ASSOCIATED PRESS.] Madison, Feb. 24.—Thomas W. Spence, of the law firm of Quarles, Spence & Quarles, was stricken with heart trouble in the supreme court room this morning and died in five minutes. He was to have appeared before Judge L. W. Bailey in the suit filed by Milwaukee county against Judge Lacey to recover about \$1,000 in fees. Mr. Spence was gathering his data for his argument when he suddenly fell over on his shoulders. The judges and attorneys rushed to his aid and Justice Marshall first to reach him, laid the stricken man on the floor. Restoratives were applied but he died in five minutes.

HOUSE FAVORS MONEY TRUST INQUIRY BILL

Bill Providing for Inquiry into Financial Affairs of the Country Scheduled to Pass House Today.

[BY ASSOCIATED PRESS.] Washington, Feb. 24.—The "Money Trust" inquiry resolution as finally agreed upon by the committee on rules after several weeks of discussion was scheduled for a passage in the house before adjournment today. The resolution is a piece of an inquiry by the banking and currency committee into financial affairs of the country as to what legislation may be necessary and contains the further direction that allegations against the money power mentioned in Representative Henry's original resolution turned down by the democratic caucus be investigated.

PRESIDENT DENIES REPORT REGARDING NEW YORK ADDRESS

Statement from White House Today Brands as "Falseness" That He Declared People Not Fitted for Self-Government.

[BY ASSOCIATED PRESS.] Washington, Feb. 24.—President Taft denied emphatically today that in a speech in New York on Lincoln's birthday, he said "that the people are not fitted for self government." In the first official statement of this kind the White House has ever issued during Taft's administration the president calls the circulation on this story a "falseness."

"Among the falsenesses that are now being suddenly circulated by persons and papers opposed to the President is one that in Lincoln's birthday speech the President argued 'that the people are not fitted for self-government.'"

President Taft said nothing on that occasion which possibly could be tortured into any such construction. The speech in which the President made reference to popular government was delivered at the banquet of the state bar association in New York on the night of January 29. What he then said on this subject, and it was correctly quoted in the newspapers, the following day was this:

"Popular government we all believe in. There are those of us who do not believe that all people are fitted for popular government. The fact is we know they are not. Some of us dare not say they are not, and the question whether a people is fitted for popular self-government so as to make the government best for the people is determined by the ability of the majority of that people to place upon itself the restraint by which the minority shall receive justice from the majority. It is the question of self imposed restraint that determines whether a people is fit to govern itself."

BROOKLYN NURSE IS HELD FOR HOMICIDE

Winifred Ankers Breaks Down in Examination and Confesses She Gave Eight Cables Oxalic Acid.

[BY ASSOCIATED PRESS.] New York, Feb. 24.—Winifred Ankers, an attendant at the Brooklyn nursery and infants' hospital was arraigned today in magistrate court in Brooklyn charged with homicide in connection with the death of eight infants in the hospital since Sunday. The woman had confessed that she put oxalic acid in the babies' milk, not for the purpose of killing them, but to make them sick so that it would appear that the nurses, against whom she had a grudge, were not taking proper care of the infants.

Grilling Examination. The woman confessed, after a grilling examination in which she broke down when told that they would take her baby from her if she did not tell the truth.

District Attorney Crosby of Brooklyn will take measures today for the appointment of a commission to determine the sanity of the woman. She is only twenty-four years old and has been an attendant in the hospital for the last ten months since her baby was born.

Is Believed Insane. Of recent years she is said to have lived a life of uncertain habits. The detectives, and in fact the coroner, do not believe the woman is in her right mind.

She would take her baby in her lap too to it and mother, "I'll give you a dose and I'll take a dose."

WISCONSIN PROFESSOR ON A SPEAKING TOUR.

Prof. W. A. Scott of Economics Department Gives Addresses for National Citizens League.

[SPECIAL TO THE GAZETTE.] Madison, Wis., Feb. 24.—Prof. W. A. Scott, of the economics department of the University of Wisconsin is one of the speakers for the National Citizens League in its educational campaign for monetary reform. He addressed a large gathering recently at Joliet, Ill., under the auspices of the Merchants' association, and has spoken in Portland and Minneapolis, Minn. He will speak in other cities in Minnesota and then will go to Kansas to give addresses. At Lawrence, Feb. 25; Manhattan, Feb. 27; Clay Center, Feb. 28; Atchison, Feb. 29, and other towns. Afterwards he will probably go to New Orleans and other Louisiana cities. On March 11 he will speak at Richmond, Ind.

The Passing of the "For Rent" Card

If you are a person who goes about the residence district of Jamesville to any extent you must have noticed the fact that there are many vacant houses in which no "FOR RENT" cards are shown.

A few years ago this would have excited comment. Today people realize that the vacant house is as a matter of course advertised for rent in the little want ads of The Gazette.

The "For Rent" card which formerly was put for a quarter at the stationers can now be found in the 5 cent store. Truly the world moves.

AMERICAN TROOPS WAITING TO CROSS MEXICAN BORDERS

Troops Will Protect American Interests by Force if Necessary.—Gomez Threatens President.

[BY ASSOCIATED PRESS.] Washington, Feb. 24.—American troops will cross the border into Mexico whenever it shall become necessary to stop firing into American territory. In ordering additional troops to El Paso today to cope with the situation there in the event of an attack of revolutionists on the Mexican city of Juarez, the Washington government determined that there should be no repetition of the incidents of the Madero revolution when a number of Americans in El Paso and in Douglas, Ariz., were killed from flying bullets from the opposing forces across the border.

Ready to Move. San Antonio, Tex., Feb. 24.—The 22nd infantry and part of the 3rd cavalry were today ordered to hold themselves in readiness to move on short notice. The railroads are gathering cars for their transportation.

Madero to Resist. Emilio Gomez Gomez has wired President Madero of Mexico from here asking him to surrender the presidency of the country and prevent further bloodshed and growth of the revolutionary movement. Gomez has been advanced as a presidential possibility by the anguished revolutionists in Mexico.

JANE ADDAMS WILL SPEAK AT CONGRESS

To Make Frank Statement As to Social Evil at New York Conference of Men and Religion Movement.

[BY ASSOCIATED PRESS.] Chicago, Feb. 24.—The national vice crusade which has been entered in Chicago, is to take on a new phase which will be very spectacular in connection with the men's religion movement when it was announced today that Miss Jane Addams of Hull House has been asked to make a frank statement of the social evil and the responsibility of the Christian men of America through the congress of the organization to be held in New York City, April 19th to 24th.

Although the delegates will be limited to three thousand men from various parts of the country a hundred or more interesting persons are expected to attend the meeting. The only woman speaker on the program will be Miss Addams and she will be, it is announced, the only woman present at any of the sessions.

The congress is expected to make a frank recommendation to the churches of the country pointing to the different phases of Christianity.

MANY PEOPLE FREEZE TO DEATH IN RUSSIA

Asiatic Russia Suffers Terribly From Severe Cold Nearly 200 People Being Frozen.

[BY ASSOCIATED PRESS.] Omsk, Asiatic Russia, Feb. 24.—A large number of persons were frozen to death during a snow storm in this vicinity today. In Omsk itself thirty-one fatalities have been reported while in Koksotavsk the death toll totals thirty-two, and in Petropavlovsk it reached 105.

CRODHEAD TEACHER WAS ENTERTAINED BY PUPILS

Miss Christianson Guest of Honor at Party Given at Home of Mr. and Mrs. A. Durner.

[SPECIAL TO THE GAZETTE.] Broadhead, Feb. 24.—The sixth grade of our public schools gave a party last evening for their teacher, Miss Christianson, who expects in another week to leave for Milwaukee, where she has accepted a more lucrative position. The gathering was at the home of Mr. and Mrs. A. Durner and was in the nature of a surprise, and the occasion was a most happy one for all. Miss Christianson was the recipient of a lovely silver spoon, the delicious refreshments were served and all report a merry time.

Personal. Mrs. E. E. Middlested and children went to Fond du Lac, Friday, to visit with friends.

Mr. and Mrs. A. Swann spent Friday in Jamesville.

Miss Maud Gardner went to Milan Junction, Friday, to visit her sister, Miss Nellie Gardner, who is teaching at that place.

Jane A. Pierce was the guest of Jamesville friends Friday.

Miss Eva Sotzer of Orfordville spent Thursday night in Broadhead, the guest of Miss Lydia Hornstetl.

Mayor and Mrs. W. S. Penru and Mr. and Mrs. A. Roderick went to Joliet, Friday, to attend the farmers' institute and visit with friends.

WILL BRING SLAYER OF MOORE TO TRIAL

Venue Drawn for Trial of Samuel B. Timothy, Who Shot Millionaire Clubman.

[BY ASSOCIATED PRESS.] San Francisco, Cal., Feb. 24.—A lively public interest is manifested in the trial of Samuel B. Timothy, the Hillsborough chauffeur who shot and killed J. J. Moore, a millionaire clubman in San Mateo January 27. A venire has been drawn and other preparations completed for beginning the trial in the superior court at Redwood City next Monday. Mrs. Moore, widow of the slain man, is expected to be the chief witness for the defense.

Several months before the tragedy Moore had sued for divorce, charging cruelty and other things, but not specifically accusing his wife of infidelity. Mrs. Moore filed a cross-complaint, asking for divorce on the ground of cruelty. The court denied a divorce to either. Mrs. Moore was charged with many offenses and too much familiarity with servants and others and serious countercharges were made. Timothy, the chauffeur, who is to be tried for murder, was one of the witnesses for Mrs. Moore. The divorce suit attracted unusual attention because the name of Rear Admiral Thomas S. Phelps, retired, was brought into the case in Moore's cross-complaint.

On the night of January 27 last Moore was called to his home by a detective whom he had employed to watch his wife, who had continued to occupy their home in Hillsborough, a fashionable suburb of San Francisco. The husband lay in wait at the gate of the grounds, and about 10:30 Timothy drove up in his employer's machine. According to the statement of Moore before he died Mrs. Moore was in the automobile with the chauffeur. Moore jumped from his place of concealment and opened fire. Timothy jumped from the car and took refuge before a tree and fired one shot. The shot struck Moore in the abdomen and he died a few hours later. The friends of Timothy believe that he never will be convicted of murder, especially as Moore in his dying statement admitted that he had fired the first shot.

AWARD CONTRACTS TO INDEPENDENT FIRMS

Great Northern Railway Gives Order for 71,000 Tons of Rails to Three Separate Concerns.

[BY ASSOCIATED PRESS.] New York, Feb. 24.—Announcement that the Great Northern Railway Company has awarded contracts for 71,000 tons of rails to three independent manufacturers ignoring the U. S. steel corporations, which hitherto has received its share of that business, excited some comment in the financial district today.

ENDORSE JUDGE ROSA FOR BOARD MEMBER

Farmers of Shopiere Institute Pass Resolutions Favoring Appointment to Board of Agriculture.

[BY ASSOCIATED PRESS.] Madison, Wis., Feb. 24.—Judge C. D. Rosa, of Beloit Municipal Court will be supported for appointment as a member by large County farmers who endorsed him in resolutions adopted at a farmers institute at Shopiere this week.

EXHIBITS ILLUSTRATE SUCCESSFUL INVASION BY WOMEN OF COMMERCIAL AND PROFESSIONAL FIELDS.

[SPECIAL TO THE GAZETTE.] Berlin, Feb. 24.—Under the title of "Woman in Home and Business," there was opened in Berlin today the first large exhibition of women's work ever held in Germany. The exhibition is held in the great salon at the zoological gardens, where hundreds of attractive exhibits have been installed to illustrate the fact that women have invaded permanently and successfully the fields of commerce, manufactures, law, medicine, banking, journalism, the church, politics and theatrical management, in addition to the many humbler callings where women and girls have long cooperated with men.

The exhibition is under the patronage of the Kaiser and the petting leadership of Frau Friedrich Hays, the well known society leader and philanthropist.

BEGIN MEN AND RELIGION MEETINGS IN SAN FRANCISCO.

Will Continue Until March 3 and Be Followed by Similar Campaigns in Oakland and Berkeley.

[SPECIAL TO THE GAZETTE.] San Francisco, Cal., Feb. 24.—Tomorrow will mark the formal opening of the Men and Religion Forward Movement campaign in San Francisco. The meetings here will continue until March 3 and will be followed by a similar campaign in Oakland, Alameda and Berkeley. The features that have characterized the campaign in many large cities will be duplicated here. In addition there will be a series of special meetings in which the Chinese and Japanese residents of San Francisco and vicinity will take part.

COMPTROLLER CALLS FOR REPORT OF NATIONAL BANKS.

[BY ASSOCIATED PRESS.] Washington, Feb. 24.—The comptroller of the treasury today issued a call for report on the condition of the national banks on Feb. 28th.

REMODELED Y. M. C. A. IS SLOGAN OF BOARD

BOARD OF DIRECTORS OUT AFTER SUBSCRIPTIONS FOR BIG PROJECT.

MUST RAISE \$15,000

Increasing Membership Makes Enlarged Accommodations With Addition of Swimming Pool and Billiard Rooms Practical.

After months of work on the part of the officials and architects, the Board of Directors of the Young Men's Christian Association of this city have decided upon plans for the remodeling of the building and to now begin a campaign of the city to raise the \$15,000 necessary to accomplish the work. For some time the officers and trustees of the Association have felt that the present building was inadequate for the size of the membership and a large number of plans have been gone over and put aside until now the board has adopted the best possible arrangements which can be made.

Now that the plans have been adopted and the project has been entirely upon the citizens of Jamesville and only by their co-operation and support can this be done.

Throughout the building the rooms will be changed around and the general plan will be altered considerably. The main change will be in the second floor where the auditorium is at present, leaving the place in the basement now occupied by the gymnasium for a swimming pool.

Separate locker rooms for the boys and business men will be situated in the present site of the locker and boiler rooms while general locker rooms will be placed along the west side of the swimming pool. In the northwest corner of the basement and running about two-thirds of the length of the building will be a set of three bowling alleys.

On the first floor beside the present office and reading rooms will contain a large auditorium which will be so arranged as to be easily divided into four separate rooms. Entrance to this will be had through large double doors where the entrance to the parlor is now.

The second floor will contain, beside the gymnasium, the kitchen and billiard and game rooms. The gymnasium is planned to be about forty feet longer than the present gym and to have a large banked running track around it. A winding stairway will give access to the locker rooms directly from the gym.

These plans will require the labor of a large number of people for many months and dispose of the room to the best possible advantage as far as can be seen at present. All who are familiar with the building as it now is fitted out will understand what such a movement will mean if it can be brought about. Every inch of space is made good use of an old present building will be used where possible without change, thus reducing the cost of remodeling.

The project be able to raise the fifteen thousand dollars necessary to complete the remodeling, work will begin next spring and the building will be ready for the opening of the gymnasium houses next fall. Nothing can be done, however, until the whole amount is raised and it will have to depend upon the generosity of a large number of people to finance such an important project. A great many plans will be undertaken by the members of the Association, in all probability to secure the money, after the board has made a preliminary canvass of the Jamesville business men to see what the sentiment is concerning such a plan, and nothing definite will be done until they have finished.

AUSTRIAN COUNT TO SPEAK AT MADISON

Count Luetzow Will Address Students on Bohemia and Other Speakers of Note.

[BY ASSOCIATED PRESS.] Madison, Wis., Feb. 24.—Count Luetzow, chamberlain of the Emperor of Austria, and author of historical and literary works on Bohemia, will lecture at the University of Wisconsin Monday night on "Bohemia, Past and Present." He is giving lectures in English at principal American universities. Mrs. Florence Kelley, secretary of the National Consumers' league will speak in the Assembly chamber Monday night on "Why Working Children Need Voting Mothers," coming under the auspices of the Dano County Equal Suffrage league. Miss Rosa M. Purdue, Milwaukee, will give an address tonight in the Assembly chamber on "The White Slave Traffic," and will relate personal observations as a state factory inspector. Prof. Arnold Dresden of the university will outline underlying causes as well as remedies to be applied. They will appear under the auspices of the Intercollegiate Socialist society in celebration of the Woman's day of the socialist party. Y. M. C. A. Sunday afternoon on "The Undergraduate in a University of Science."

TWENTY-SEVEN JURY CASES ON CALENDAR OF CIRCUIT COURT

Noticeable Number of Personal Injury Cases Included on Calendar for February Term.

There are forty-seven cases on the calendar for the February term of the circuit court for Rock county, twenty-seven of which are jury cases and the remaining twenty are fact for the court. The calendar will be called Monday afternoon at two o'clock following which the memorial meeting of the Rock County Bar Association will be held in the circuit court chambers at the court house. Appropriate remarks will be made in memory of Hon. Ogden H. Feltner, Hon. J. G. Wickham of Beloit, who have died within the past year.

The number of cases on the jury calendar includes a large number of personal injury cases against railway companies and other corporations doing business in the county. The case of F. L. Clements, administrator of the estate of Harry Thurman, vs. the Rockford and Interurban company, will be tried at this term; also the case of Dr. E. N. Bartlett vs. Janesville Traction company, and the case of T. C. Graf, administrator of the estate of Rosie Luck, vs. C. M. & St. P. Railway company. Several cases for damages against the Beloit Iron Works will also be heard before the jury for this term. The jurors have been summoned for Tuesday, March 4. There are no criminal cases to be heard.

Fact for Jury.

The cases for the jury on the February calendar are as follows:
S. S. Burdman vs. Rock County Sugar company.
Francisco Visaggio vs. C. M. & St. P. Ry. company.
Charles Topp vs. H. C. Topp.
A. M. Mauser vs. Rock County Sugar company.
Erasmus N. Bartlett vs. Janesville Traction company.
R. C. Graf, adm. of Rosie Luck, vs. C. M. & St. P. Ry. company.
Agnes H. Cronin, adm. vs. Ellen Cronin.
Sleepy Eye Milling company vs. Joe Paulino et al.
F. L. Clements, adm. vs. Rockford and Interurban company.
H. A. Born, Packers Supply Co., vs. A. E. Jones.
L. L. Hill vs. Michael Haynes et al.
Solomon Hays vs. Town of Turtle.
Carrie Hays vs. Town of Turtle.
Mary Griffin vs. Rockford and Interurban company.
Oostburg Steel Foundry vs. Motor Automobile Works.
Oscar Smith and Son vs. The Janesville Hatting Mills company.
Thomas Farrell vs. Chas. W. Shinnell.
Angelo Germinara, adm. vs. Beloit Iron Works.
George Mackle et al. vs. C. M. & St. P. Ry. company.
Frank Gregus vs. Beloit Iron Works.
Almon Burdick vs. C. M. & St. P. Ry. company.
Bertha Olson vs. C. M. & St. P. Ry. company.
Perry S. Baumgartner vs. Piny Norcross.
Eva Laird vs. James Farrell.
Center Cheese company vs. Jacob Marty.
Advance Thrasher company vs. P. A. Sagan et al.
Chas. H. Webber vs. Locomotive Engineers' Ins. etc.
M. F. Harringer vs. Rock County Sugar company.
L. C. Hyde and Brittan bank vs. Rachel Feet Knitting company et al.
John A. Yost vs. Beloit Water Power company.
Mary A. Morrissey vs. Anna McNeil.
J. W. Peters vs. Fred R. Jones et al.
Chas. H. Schumaker vs. Janesville Traction company.

WARNED TO LOOK OUT FOR MADISON JAIL BREAKERS.

Sheriff Brown of Dane County Mailed Chief Appley Description of Men Who Escaped on Thursday Night.

Descriptions of the pickpockets who escaped from the Dane County Jail on Thursday night, have been mailed to Chief of Police Appley by Sheriff Andrew Brown. Fifty dollars reward is offered for their arrest. Frank Johnson, one of the pickpockets, is described as about forty-eight years of age; height 5 feet 3 or 4 inches in height, weight about 120 pounds, sandy complexion; wore dark gray suit and stiff hat. Frank Jones, the other man wanted, is 25 years old; weight 135 pounds, height five feet, 4 or 5 inches; wore blue suit of clothes and cap; hair is dark streaked with gray. Both men had about a week's growth of beard when they escaped.

Norway Developing Peat Fields.

Norway's government maintains a society engaged in the reclaiming of marshes and swamp lands and developing the manufacture and use of peat.

Potato Considered European.

It is a curious thing in connection with the renewed interest regarding South America potato cultivation, that along the east coast of South America the tuber is considered a European vegetable, and is cultivated only by those gaining their experience from the old world.

SUFFRAGE MEETING MONDAY AFTERNOON

Miss Curtis of Milwaukee Political Equality League Will Speak At Library Hall.

The campaign for women suffrage will begin in Janesville Monday afternoon, when Miss Curtis of the Milwaukee Political Equality League will give an address at Library hall. This promises to be a live issue during the coming state campaign as a referendum vote will be taken on the matter at the November elections.

Both men and women are invited to attend the lecture Monday afternoon, as well as all in favor of opposed to the proposition. The Milwaukee League is already beginning an active campaign throughout the state.

TRAINING SCHOOL NOTES.

Miss Mary Williams, teacher of the Model County school at the White-water Normal, visited the school Friday afternoon. This model school is located in the county about two miles from the normal building, and the young teachers go out there to observe and to practice.

The training school girls all went down to the library Thursday afternoon to hear two addresses on educational topics. They all felt well repaid.

We are in receipt of two fine exhibits this past week, one from "The Corn Syrup Products Company," and one from the Pittsburgh Photo Glass Company. We are finding this material useful.

The Seniors gave the Faculty and the Juniors a very pleasant reception in the training school rooms last Friday evening. Refreshments were served and the following program carried out very successfully:

Piano duet, "The Friendship," W. P. Moro, Ruth Hemmingway, Emma Fossberg.
Recitation, "Jack Straines," Jennie Haugen.
Vocal duet, "Oh, You Beautiful Doll," Seymour Brown, Hene Sanda.
Saddle Pinnace.
Recitation, "In the Usual Way," Ruth Hemmingway.
Vocal solo, "The Harbor of Love," Earle C. Jones, Florence Nelson.
"Adieu to the Juniors."

..... Rachel Ehringer
..... Miss Ella Jacobson
..... Mrs. F. J. Lowth
..... Song by the Seniors.
..... Emma Fossberg.
..... The literary society had a good program yesterday afternoon. It was adapted to the occasion of Washington's and Lincoln's birthdays.

Neat and appropriate souvenirs were given to each one last Friday evening at the Junior-Senior reception and party. These were in commemoration and honor of the Father of the Country.

The training school girls sang very well at the teachers' meeting last Saturday, and they received many words of commendation. Mrs. Hyde has been the means of developing a good deal of latent musical ability in our young ladies this year.

Owing to the pressure of the practical work we have but one test this quarter instead of the usual two.

Our principal visited the Shoppers' graded school on Thursday. He found good work being done.

We are sorry that Miss Nelson and Miss Decker have been obliged to be out of school this week on account of sickness.

Miss Forten Bergen is back in school again, after a three weeks' enforced absence because of illness.

Mr. Lowth has received a quantity of garden seeds from the department of agriculture and in the spring we expect to have about twenty 4x5 foot gardens made, providing we can secure the land. We also have flower seeds.

In place of the regular recitation in agriculture on Tuesday the teacher spoke for forty minutes on "Education and Country Life."

Some of our young ladies placed very creditable sketches of Washington and of Lincoln on the board, for the program last Friday evening.

Miss Jacobson was elected Treasurer of the Rock County Teachers' Association last Saturday.

The primary section of which Miss Jacobson was leader, had a very interesting program at the teachers' meeting. The story telling and the music were especially good.

Several of the training school students put in the full day at the teachers' meeting last week, and they received many helpful suggestions.

Our young teachers are finding the work in the grades very interesting indeed. They are making careful preparations for their work, and for the most part are doing well.

The regular grade teachers are giving us very practical and helpful assistance by way of suggestions and helpful criticism. We appreciate this. The children are responding in a way that makes this work of instruction valuable to them, and to the student teachers. This practice teaching extends throughout the spring. It is the crucial test of teacher ability.

OBITUARY.

John Davey.

John Davey died at eight o'clock last night at his home, 319 North Academy street, after a week's illness. He was 60 years old and was born in County Down, Ireland, emigrating to this country and settling in Janesville six years ago.

Mr. Davey is survived by a widow and four children, three sons, three daughters and three sisters. His daughter, Mary Davey, his son John, J. P. and Hugh Davey, and his son, Richard, live in Janesville. His two sisters, Mrs. Dan McGinnis and Mrs. John Groene and two brothers, Hugh and Patrick are in Ireland. Mrs. Thomas Nolan, another sister, resides in Mason City, Iowa.

Requiem mass for the dead man will be celebrated at St. Patrick's church, Monday morning at nine o'clock, and interment will be made in Mount Olivet cemetery.

TO CURE A COLD IN ONE DAY.
Take LAXATIVE BROMO Quinine Tablets. Brings relief money if it fails to cure. 25 W. GROVE'S signature is on each box, 25 cents.

SUFFERED EIGHT YEARS RESTORED BY PERUNA.

AS MANY THOUSAND PEOPLE SUFFER FROM CATARRH OF HEAD IN WINTER, MRS. FENNESSEY'S PERMANENT RECOVERY SHOULD CREATE PUBLIC INTEREST.

Mrs. Mary S. Fennessey, Lake Canton, Minnesota, writes: "I was afflicted with a bad case of catarrh in the head, and was unable to breathe through my nose for eight years. Six bottles of Peruna cured me entirely and I have not been bothered with catarrh since."

A Helpless Invalid.

Mrs. Annie Spaulding, Gatesville, Arkansas, writes: "I was helpless in bed for eight months, and part of the time would not have weighed over sixty pounds. Food would do me no good."

"I had catarrh of the head and stomach an internal catarrh, and also had heart trouble so bad I could not hear any one to talk in the room where I was. The doctors and everybody that saw me said I would not get well. But God saw fit to spare me and sent me Peruna."

COUGHS, COLDS AND GRIP.

Mrs. J. D. Hayes, 1937 Duval 18th Ave., Baltimore, Maryland, writes: "Peruna is one of the best remedies for grip, cold in the head, sore throat, nervous headaches, and coughs that have ever been discovered. I don't feel safe without Peruna in my house." In a later letter Mrs. Hayes says: "I am never without a bottle of Peruna in the house. I give the children Peruna if they find they have a cold and it always relieves them."

Dank of England Employees.

There are about 1,000 persons on the staff of the Bank of England, of whom 810 are at the head office in London and the remainder in the branches throughout the country. Five hundred porters and mechanics are also employed. The bank prints its own notes and Indian rupee notes, together with all postal orders and old-age pension orders; this work is done at the head office.

Digestive Powers of Insects.

Some insects digest their food first and eat it afterward. They are so built as to be able to take only liquid food and they inject a digestive fluid into their prey and thus gradually dissolve it, sucking in the liquid so formed until nothing remains but the dry skin.

His Business.

"I hear you've left Stingo & Co's" "Yes, I'm in business for myself now." "What are you doing?" "Looking for another job."—The Pathfinder.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of this great discovery that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: J. C. HENRY & CO., Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

Cowards.

New York's hotel men say that they couldn't stop their guests from tipping if they tried, and one of them suggests the reason when he quotes Mr. Dooley's remark about a man famous for his millions: "Jawn is th' bravest man in th' world. He can stroll away from a table without tippin' th' waiter."—Boston Globe.

Unforeseen Result.

"I notice that you courteously refrain from mentioning the name of your political rival in any of your speeches." "I can't say my practice in that respect is so much a matter of courtesy as of prudence. I once started in to denounce a rival, but as soon as I mentioned his name the audience burst into deafening and continuous applause."

Unkind Inference.

"Now, caddy," said the clergyman about to start off with his golf game "I'm very particular when on the links, and I don't want you to open your mouth during the game." "Then I take it, sir," replied the boy, "that you intend doing your own swearing, sir?"—Yonkers Statesman.

Making Use of "Luck."

We don't deny that some men are "lucky," but at the same time did you ever notice what a remarkable aptitude they display in taking advantage of all the "luck" that befalls them?

To discontinue your advertising is to shut off the power. The car will run for some distance by its own momentum, but the stop is certain. There is no such thing in business as perpetual motion.

NEW IDEAS IN JEWELRY.

Company of 80, Including Orchestra of 20
PRODUCTION OF SCENIC SPLENDOR
500 NIGHTS AT THE CASINO THEATRE NEW YORK
Presented precisely in the same artistic manner as that which distinguished the brilliant performances in Chicago, Milwaukee and all the principal cities of America.
PRICES: \$2.00, \$1.50, \$1.00, 75c, 50c.
Mail Orders now received and filled if accompanied with check, post-office or money order.
Sent sale opens Thursday at 9 A. M.

THE CHOCOLATE SOLDIER

Are You Going? You Are Invited!

Free car fare and a good dinner and you will be away from home one day. Leave St. P. depot 9 A. M.; reach Oregon, Ill., at noon. Inspect the big plant and see how good the Schiller piano is built from start to finish, and then get home in evening via Interurban. A day well spent and so much money saved if you buy a player or other piano that I would not dare to print the prices here, as it would be impossible to duplicate them.

This is a factory "stunt" and they can afford it. They propose to show the people that for home musical entertainment the up-to-date player piano beats the talking machine, because the intelligent performer can interpret the music to suit himself. If you think that simply inserting a roll and running it through like corn through a sheller, is all there is to a player-piano, you have another think coming. Phone red 1273 Rock Co. Phone today, or red 1244 Sunday if you are going.

A. V. LYLE

SPORT

NEW MEN ENGAGED TO SPAR MONDAY NIGHT AT WEST SIDE RINK

Janesville Athletic Club Secure Better Men for Monday's Entertainment

Anyone who has followed the boxing game for any length of time, either through the newspapers or personally has learned that the boxers themselves are not always to be depended upon. This has been brought home to the management of the Janesville athletic club and in consequence they have shifted their entire card for Monday evening next and from the present outlook it is far better than the original line up.

In place of Harry Forbes and Jimmy Walsh for the final contest of the evening, they have booked Rudy Hirsch and Pete Krust, two of the clever little corners in the business. Forbes and Walsh both train at Gilmore's gymnasium and it would have been easy for a frame up without anyone being the wiser. In booking Hirsch, a pupil of the O'Donnell Gymnasium, and Krust of the Gilmore crowd the spirit of the two rival gymnasiums will be brought into play and a good contest is assured.

Another change has been made in substituting Sallor Burke, a clever little New York boy who is now working in O'Donnell's gym, Chicago, for Spike Kelley improves the looks of the match considerably. Burke has several years of good contests with the best boys of his class to back him and will certainly give Kid De Mun a good opportunity to put his best foot forward. Kelly, however, looked out for when he came to look up De Mun's record and cancelled his contract in a hurry.

Another attraction which was booked and will not be present is the spectacle of Jack Johnson acting as referee. The big champion has been offered the management that owing to theatrical engagements made through a booking agent he cannot be in Janesville Monday as he expected and will be forced to forfeit his check for his appearance which he gave the management as a guarantee.

An added bout has been put on the program in the shape of a contest between Kid Lawrence of Beloit, and Kid Perry of Belvidere, weighing in at 125 pounds. Both are clever boys and will furnish the audience with thrills bigger men would not. The bout between Hattling Hertz and Kid Moluff will be as scheduled.

In view of the fact there is such a decided change in the card the management desires it stated they will refund on any tickets that have been purchased, with the understanding Johnson, Forbes, Walsh and Kelly would appear, either at Hockett's alley or at the rink the evening of the performance. The card as it now is however looks stronger and better than it did at first and it is doubtful if many will ask for their money back.

HIGH SCHOOL TEAM TAKES EASY GAME

Hopeless Game for Visitors Not Helped When Man Sprains Ankle

Janesville Wins 52 to 15.

When the local high school went up against the Evansville basketball team last night and found themselves held fairly even at first they thought they were in for a hard game. But when after a few minutes the opposing team seemed to go to pieces they took heart and started in on what proved to be a slaughter, ending 52 to 15. Evansville never had a chance to get a good start even when one of their star guards wrenched his ankle there was absolutely no hope. All of the subs were put in on the Janesville team during the second half and the game was not in any way what was expected at first. The injured man was taken down stairs and a doctor called. Examination showed that the unfortunate had seriously sprained his ankle and would probably be out of the game for some time.

CASEBALL NOTES.

Harry Walters, of the New York Yankees, is coaching the Santa Clara College baseball squad.

Catcher Danny Pearce, last season with the Oakland Pacific Coast league team, has signed with the Indianapolis team.

The South Atlantic league season will be divided, making two pennant races to be run for the benefit of the "Sillo" fund.

President Garry Herrmann, of the Cincinnati Reds, is now a newspaper publisher, having purchased the Cincinnati Commercial Tribune.

When it comes to the latest style in men's scenery, Hebel Oakes, of the Cardinals has the other big leaguers looking like Huffy Hoofbats under a truck.

On the eve of his departure for the Giants' training grounds at Marlin, Tex., Fred Morde was tendered a banquet and presented with a diamond scarf pin by Toledo fans.

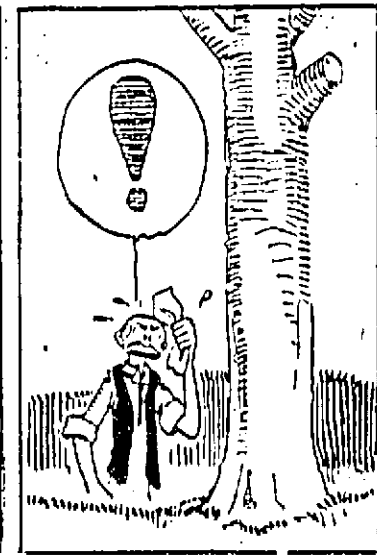

Another "Combs Day" is scheduled at Colby College next Commencement, with the pitcher of the world champions in the box for the Alumni nine against the Varsity.

It is said that the Philadelphia Nationals will drop their nickname "Quakers" and be known as "Eagles" the coming season. Looks like some one put one over on the 12ks and Moose.

"Gene" Foster will again be in charge of the grandstand at the Boston National league park. Foster is 74 years old, and the season of 1912 marks his thirty-third year at the old grounds.

Manager Callahan believes he has a real understudy for Billy Sullivan in catcher Kretz. It was a single by Kretz that won the first game for the White Sox in the Chicago series last fall.

The Chicago Cubs have signed Pit-

"I Think You'd Better See A Bu g Doctor," says Fink to Felix.

cher Marshall, of last season's Rockford team in the Wisconsin-Illinois league. The youngster, who weighs 200 pounds and stands 6-foot 3 in., won 13 of the 18 games pitched for Rockford.

"Assistant manager" is a new wrinkle in baseball, but it is catching on fast. Among the former big league stars who will "assist" the coaching season are: Willie Keeler, with Brooklyn; Monte Cross, with the St. Louis Browns; Kid Gleason, with the White Sox, and Duke Farrell, with the Boston Nationals.

What league his Rochester Hustlers are champions of, gets the goat of Owner Chaplin. Rochester won the pennant in the Eastern league last season, and then the name of the league was changed to the International. How a team can be champions of a league that has not had a season, and how can it be champions of a league now out of existence, caused Chaplin's nanny to beat it.

WITH THE BOXERS
Kid Lavigne, the former lightweight champion, is going into waukegan. The 16-year old son of Bob Fitzsimmons weighs 160 pounds and is said to be a clever boxer.

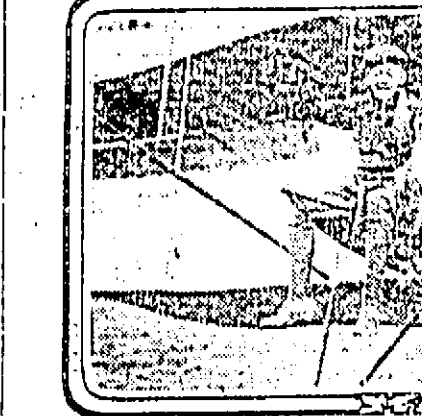

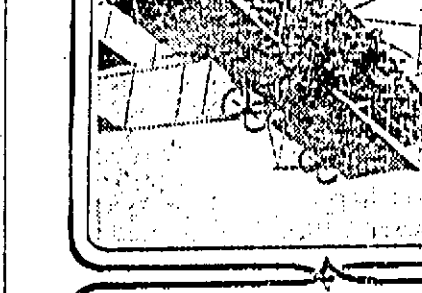

Curious English Custom.
Every Easter a curious custom is observed in rural England, the auctioneer putting up a field and accepting bids only so long as a number of boys are running a race over a fixed course. The moment the hindmost boy reaches the goal the hammer falls and the meadow is knocked down to him who has made the last bid. This having been satisfactorily settled, these present sit down to a meal of bread, cheese and spring onions.—London Tit-Bits.

By No Means a New Fad.
"I am afraid Mrs. Wapping is a teardrop," remarked Mrs. Pilcher, "indeed," said Mrs. Blunsome, with a slight elevation of her eyebrows. "Some people take up every new fad that comes along."

A NEW JOY FOR THE AIR MAN.
Paris.—It was only to be expected that lawbreakers would speedily recognize the possibilities of the aeroplane in annexing small articles and making good their escape. This photograph shows games stolen in an aeroplane, near Paris.

Temple of Serpents.
The small town of Verda, in the Kingdom of Dahomey, is celebrated for its temple of serpents, a long building in which the priests keep upward of 1,000 serpents of all sizes. These they feed with birds and frogs brought to them as offerings by the natives.

Electric Saw for Butchers.
The up-to-date butcher shop is now provided with an electric meat saw, and the old hand saw is relegated to the junk pile. In its place is a small hand saw, driven by an electric motor, which saws all bones in a neat and expeditious manner.

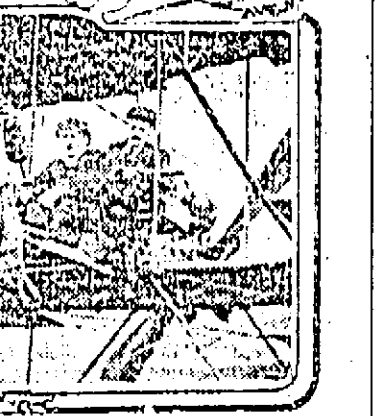

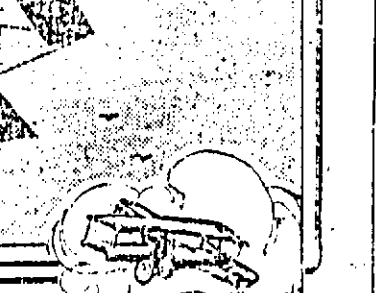

CAME SLIDING BY AIRCRAFT

UNITED DOCTORS CURED THIS WOMAN

SUFFERED EIGHT YEARS BUT FOUND NO RELIEF UNTIL SHE WENT TO THE UNITED DOCTORS.

How much sickness pain and suffering could be avoided if every person who is stricken with disease could only find a doctor who understands their case when they first get sick. How many are there who spend a small fortune with incompetent doctors, who could be quickly cured if they would only go to a specialist who really understands chronic diseases and knows how to cure them.

Miss Lizzie Fisher, who lives at 217 S. 1st Avenue, Danville, Ill., is one of the many who suffered for years with an ailment that was quickly cured when she was put under the scientific treatment used by the United Doctors who have their Janesville Institute in the Hayes Bldg., corner of Milwaukee and Main St.

In speaking of her case, Miss Fisher said: "I have been suffering from liver trouble for eight years. This had resulted in jaundice. I could only eat certain foods without causing distress in my stomach. During these eight years I had taken medicine from a number of doctors, their treatment only giving temporary relief. One month ago I commenced to take treatment from the United Doctors. After taking their medicine one week I felt much better. I now feel like a new person. I can eat anything and have an appetite for three meals each day. I would advise anyone who is suffering from any kind of sickness not to hesitate to consult these doctors."

"I will be pleased to speak to anyone personally in regard to my rapid recovery."

"Lizzie Fisher, 217 S. 1st Ave. News of the wonderful cures being made by these great specialists has spread far and wide and the United Doctors Institute is always crowded with patients. Examination is free to all and confidential."

Not all those who are examined are accepted for treatment—though willing and anxious to pay almost any price for this new treatment, which is doing such wonderful work for the sick. Not all who call are accepted for treatment, for it is the invariable rule of the United Doctors to refuse to treat all who are incurable. They will not accept money from any incurable case under any pretext.

While the United Doctors will not treat any case which they deem incurable, yet it must be remembered that this new United System of medicine cured many cases that could not even be helped by ordinary doctors and medicines.

The Motive Above All. Whatever may be the issue, let us look after the motive, and then all will be right.—Dr. Alex. MacLaren.

YOU too, will gladly follow the call of the IMPERIAL

A Rich Havana 10c Cigar
MAX NO. 10
A Mighty Good 5c Cigar

After you've smoked your first one; you'll enjoy their distinctive fragrance and sweetness. At all dealers; cheaper by the box.

"EL INSITO" The 10c Cigar that has Made a Hit With Motor Owners

EL INSITO CIGARS have been on sale but a short time, yet today they are the favorite smoke of men who are driving machines which cost thousands of dollars, men who invested in these machines for the pleasure they would give them.

WHY?

Because every EL INSITO is a skillful blend of Vuelta and Java tobaccos so rolled that it smokes evenly and will stay lighted.

"A Quarter's worth of goodness for a dime."

Any place that sells GOOD CIGARS.

For 5c the Pinewood ranks head and shoulders above all other 5c cigars.

Glee Club.
Orchestra.

Social and Personal
Mr. and Mrs. Fred Winston entertained the Country Club at a 4:30 dinner party Friday evening. The evening was very enjoyably spent playing various games.

M. L. Paulson has sold his house and lot on Longfield street, to Anton Gelsler.

James Gillies was a Janesville visitor Friday.

Mrs. Martin Paulson is spending the day in Monroe visiting her mother who is ill in the hospital there.

Mrs. Samuel Gannon of Milwaukee is visiting relatives and friends in this city.

Mrs. George Wolfe Sr. and grandson, Malcolm Allen, are visiting H. H. Hiles at Madison.

Mrs. Little Ingram will spend Saturday and Sunday at her home in Union.

There were about forty present at the social given by the ladies of the Afternoon Club last evening at Library Hall.

"Sonnet" and "Five Hundred" was played. Most delicious doughnuts and coffee were served during the evening.

Owing to the fact that there were so many other social functions during the past, there was not as large a crowd as the ladies hope to have in the future.

A. Hasmanson from Racine one of the foremen with the sewer force, here the past summer, has been here the past few days on business.

J. Hrush from Brookfield is here for a short visit with relatives.

Dr. F. E. Colony has returned from a trip to Chicago.

Mrs. Willard Arnold has returned to her home in Hollet, after a few days visit with Mrs. Will Grot of this city.

Mr. and Mrs. C. McCray from Iowa are visiting Mrs. Robt. Murwin.

Mrs. Chas. Atkinson is visiting friends in Janesville.

Mr. and Mrs. Harvey Townsend are here for a short visit with relatives and friends.

Mrs. Chas. Doellittle and daughter, and also Miss Hazel Doellittle of Milwaukee are spending a few days with relatives at Stoughton.

Mrs. W. C. King, who has been in the sanitarium at Wauwatosa for several weeks, has returned home somewhat improved.

Four teachers from the Brooklyn schools visited the Evansville High School Thursday.

E. J. Ballard attended the meeting of the Grand Chapter of the Royal Arch Masons in Milwaukee Tuesday and Wednesday.

H. A. Meyers and M. L. Paulson attended the convention of the State Association of Lumbermen held in Milwaukee Tuesday and Wednesday. Mr. Paulson also attended the cement show in Chicago.

Bernice Robinson, little daughter of Mr. and Mrs. Roy Robinson, of Royce farm, has been unable to attend school since Monday on account of illness.

Mrs. D. H. Hight returned to her home in Rockford Friday.

James Carlo of Janesville took dinner at the Commercial House Friday.

Van Wormer and Van Patten sold the Dale farm, situated on the Janesville road two miles west of Leyden, Thursday, to Martin Olson and Henry W. Miller, jointly.

Amos Brown of Porter was an Evansville visitor Friday.

Carl Gibbs, engineer at the electric light plant, is sick with quincy.

Art Moore has taken a job with the Telephone Co. at Ladysmith and took his departure for that place Thursday.

Allen Baker went to Des Moines to continue treatment by a specialist who has been treating him for some time.

Cumpley Club met at Mr. Fred Winston's Friday night. Supper and a social time occupied the time.

Mrs. Avis Brown of Evansville was an Evansville caller Friday.

Your Health and Happiness Depend Upon the
Condition of Your Spinal Column.

CHIROPRACTIC

is the only science that has been thoroughly tested and proved that disease is caused by the interruption of mental impulses as they pass through the nerves at the intervertebral foramina where the vertebrae (spinal bones) are not in perfect alignment with each other.

Such conditions are called subluxations which impinge the nerves that pass out through these openings, thereby interfering with the mental impulses and consequently causing disease in the organ or tissue where the nerve ends.

Chiropactic further proves that scientific adjustments will be followed by a return of health.

Chiropactors do not use medicine, drugs, knife or anything that is usually used to treat effects. We do not rub, massage or use electricity. Chiropactic is not magnetic healing, Osteopathy, Christian Science nor anything else but Chiropactic. Investigate this science at once and get well. Here's two instances of what it has done:

Janesville, Wis., Feb. 22, 1912.

J. N. Imlay, Janesville, Wis.
Dear Sir: Four years ago I had an attack of Typhoid fever, which left my eyes very weak. Was also bothered with Astigmatism. The eleventh day of last September I took an adjustment from you for my eyes. After the third adjustment I removed my glasses and have not had occasion to use them since. Thanking you for what you have done for me, I remain
Yours very respectfully,
(Signed)—Original at our office.

TO WHOM IT MAY CONCERN: I have suffered for thirteen years, suffered as only a woman can appreciate and one year ago my physician, after calling in another for consultation, told me that the only way to save my life was by an operation.

I felt that I would rather die than submit to an operation and hearing of the success Puddicombe & Imlay were having in Chiropactic adjustments, was provided on to let them handle my case. Though doubtful at first I must now say that they have brought about a perfectly normal condition, thus allowing nature to bring back my health, and I would advise any woman who suffers as I did to lose no time in calling on the Chiropactors and becoming well, as I do believe that this science is the most wonderful ever known. I will cheerfully answer any letter from suffering women who write me and enclose stamp. (Signed) Mrs. L. S. Rose, R. 1, No. 7, Rockford, Ill.

Puddicombe & Imlay

Graduate Chiropactors. New Phone 970. Suite 405 Jackson Block. Office Hours—9:00 A. M. to 12:00 M.; 2:00 P. M. to 6:00 P. M.; Evenings, Monday, Wednesday, Saturday, 7:00 P. M. to 8:00 P. M. Lady attendant, Mrs. J. N. Imlay. Chiropactic is not medicine, surgery, nor osteopathy. White, phone or call for our Free booklet.

REPORTED TO BOARD
ON ORFORD LIBRARY

L. E. Earnum Asked Orfordville Village Council to Make Increased Appropriation.

(Special to the Gazette.)
Orfordville, Feb. 24.—At the regular meeting of the Village Board, Friday evening, L. E. Earnum, president of the Library Board, presented a report for the seven months ending December 31, 1911, showing a balance in the treasury at that date of \$11.83. He also presented the request of the board for an appropriation of \$100.00 to the library fund, the amount necessary for the expenses for a year. The librarian's salary is \$20 and the magazines cost about \$10.00. This leaves but \$30.00 for buying new books and for other expenses. As no new books have been purchased for a number of years it was suggested that if a larger appropriation were made it would be much appreciated and would be used in purchasing new books.

Fellowship Class.
New members were added to the Young People's Fellowship Class at the M. E. church Friday evening. The lesson was an interesting one from the book of Acts of the Apostles. The difficulties of Paul the Apostle and his persistence and great faith were clearly brought out.

Orfordville Locals.
Mrs. P. P. Smiley and children, who visited friends here the past few days, returned to her home in Janesville on Friday.

Miss Mabel Tullis went out to the Evergreen Farm in Spring Valley, Friday, to visit her friend, Miss Edna Lewis, until Sunday.

Everyone enjoyed a good social time at the Young People's meeting in the Lutheran church parlors Friday evening.

Everett Christman of Evansville was the guest of Miss Anna Kelley one day this week.

Frank Grenawalt went to Brookfield, Friday.

Mrs. Emma Kelley and daughter, Anna, went to Hollet, Friday.

The school was convened early Friday morning and dismissed at noon in order that the teachers might have the afternoon for the cataloging of the school library. This requires much work and it will be some time before it is completed.

Misses Eva and Hazel Sotzer visited Mrs. Arthur Wiggins at Janesville, Saturday.

EVANSVILLE JUNIORS VICTORS OVER OREGON
Game Ends 15 to 14 in Favor of Evansville Y. M. C. A. Team Last Night.

Last evening the Y. M. C. A. Juniors went to Oregon where they succeeded in defeating the Juniors of that place by a score of 15 to 14. This is one of the best games which the local lads have put up this year and they made an excellent showing. At the end of the first half the Oregon boys were ahead with the score 13 to 5, but the Evansville team came back strong and slipped it over the home team. The lineups were as follows:

Position. Evansville. Oregon.
West..... H. Adams
Cub, Burr..... H. Heffron, Fisher
Elliot..... C. Hendrix
Morgan..... H. Jones
Anderson..... L. Stewart, Tullis

EDGERTON STREETS WILL BE IMPROVED
Council at Meeting Last Night Pass Resolution Providing for Paving of Three Streets.

Edgerton, Feb. 24.—The first business to come before the adjourned session of the common council last night was a petition from the United Glass Manufacturers company asking for permission to connect a gas line service pipe with main on Fulton street. Permission was granted.

By resolution the board of public works was dispensed with and its powers and duties vested in a committee of three, consisting of the mayor and aldermen Skinner and Jensen.

In the matter of street improvements the council passed a resolution providing for curbs and gutters and asphalt macadam pavements on Fulton, Swift and Henry streets, the expense of such improvement to be paid for by the property benefited thereby as ascertained and determined by the committee for such purpose appointed the city of course bearing the cost of paving the street intersections.

Men's Club Meeting.
The Methodist Brotherhood last night met at the residence of Dr. J. L. Holton in the north part of the city. The subject of discussion for the evening was "The Single Tax," Dr. W. W. Morrison speaking in the affirmative and D. W. North and Rev.

MILTON JUNCTION.
Milton Junction, Feb. 24.—Florence Carr, son of S. C. Carr, arrived here Thursday. He has just returned from a trip around the world. His home is at Springfield, Mass.

W. S. Agnew was in Lake Mills yesterday.

Mrs. Drury went to Kansas City, Mo., Wednesday for a visit.

Mrs. John Arnold was a Janesville caller Friday.

Mr. And of Janesville has been the guest of J. M. Marquart.

Miss Mabel Maxson is home from Madison for ever Sunday.

Thomas Driver was in Edgerton Friday.

Charles Welch recently visited his brother Wesley.

"The Ladies' Aid of the S. D. B. church met with Mrs. R. C. Maxwell this week.

Dr. Maxson is having his home wired for electricity.

Miss Jessie Owen is visiting in Chicago.

Miss Della Butts of Edgerton is visiting at the home of her brother G. K. Butts.

Mrs. Stude Wyland recently visited her uncle, A. M. Hill.

Mrs. Erich Johnson has been entertaining her son, Fred, from Milwaukee.

Margaret Ganser has been sick.

Rev. McMill

COMMON SENSE ON THE AUTOMOBILE QUESTION

NOW IS THE TIME OF YEAR to go over this automobile question. Let us see what the last twelve months have brought forth. In the garages are the cars all nicely arranged and waiting for inspection, with plenty of salesmen to explain the good points of each and plenty of time to make a choice. Ever see the automobile owner or owner-to-be who wasn't interested at this time of year? No? Well, neither did we and the best part of it is—we have something to show him.

WE HAVE BEEN HEARING A LOT lately about new automobile features, mostly questions of detail. A few years ago, you remember, there were radical differences in design and appearance. Great difference in price, too! People were actually in a quandry as to what car to buy. They liked one car but nobody knew whether its design would really work when it got the hard knocks of service. So they hesitated. Besides, prices were high and coming down. Naturally, people said, "We'll wait for the car of the right stuff at a right price." How well they were repaid when the E-M-F "30" came out with its wonderfully durable and correct design at its original price of \$1250, all the world knows. Those higher priced, lower quality cars took a grand tumble and have been scrambling to recover lost dignity and prestige ever since.

NATURALLY, ALL THAT IS CHANGED NOW. High swung, angular bodies have gone into disuse. We hear very little of two-cycle motors. Planetary transmission has been tried and found wanting until not a single good car uses it today. You'll find it only in those "tiny" little cars which on their appearance and record are useful for a few months and then doomed to an early retirement to that haven of invalid cars—the repair shop—where the owner pays the bills.

DIFFERENCES WHICH USED TO BE RADICAL have disappeared. All good cars are very similar in their elementary design today. Differences are in quality and in that wonderful question of endurance and reliability which is deeper than any appearance. Here's an interesting thing: Watch out to see how many cars today have the nerve to point to their record and reputation as their great sales argument. And how many are busy explaining certain slight changes, most of which on the face of it are corrections of admitted mistakes, as the reason why you should be induced to buy them. When you get that difference fixed in your mind you have reached the great difference between good and poor cars.

WE WISH TO EMPHASIZE this point. There will be others who attempt to obscure it. The one great and salient reason governing what car you should buy today is what that car has done. Not what immediate changes may or may not make it capable of doing. But what it has done and what you can be certain it will do. Buying an automobile today need be no gamble. You can know beyond any doubt what you are getting and that you will get your money's worth. If you wished, you could play with new and unknown wrinkles of doubtful value. Be sure you would pay ample for them, too. But if you want only the best—you can get that easily.

EVERY FEATURE IN E-M-F "30" AND FLANDERS "20" cars is a proven and widely-accepted practice in the best automobile engineering. We led, others followed and proved that we were right. There is not a single method of automobile manufacture better than we use in our cars. If any is ever developed we will use it, be assured of that, and when we do use it we will use it right.

TAKE SELF-STARTERS, for example. Theoretically the self-starter is an advantage. We receive probably a dozen letters a day on self-starters and we answer them all just the same way. We do not recommend any self-starters, because there are none to be recommended. We are experimenting with them, and when we get one which is practicable we will put it on our cars and it will fit all previous cars we ever put out.

DID YOU EVER SERIOUSLY CONSIDER SELF-STARTERS as they are today? Of course, there are various types, but did you ever get down to "brass tacks" on the whole proposition? Ask some friend of yours what the Glidden Tour did to self-starters. One of the most familiar and amusing things about the whole tour was the sight of drivers cranking away diligently, trying to start the so-called self-starting cars. The self-starters, when put to the test of touring, simply didn't work. Another type introduces into the cylinders an explosive mixture more powerful than dynamite. Certain car manufacturers have adopted it. We tried it experimentally. What was the result? The tremendous impact of that explosion on a still motor resulted in a vast deal of bearing trouble. No bearings could stand the strain. So we are still experimenting and the

other manufacturer is busy replacing bearings torn out by the self-starter. Take our word for it, when self-starters are right, they will be on our cars. Meanwhile, you better wait till they are right.

THE LAST YEAR HAS BEEN AN EXTRAORDINARY SUCCESS for E-M-F and Flanders cars. You will remember how we brought out the three-speed Flanders last spring and announced that we had produced a car of the highest possible quality at a price, completely equipped, under \$900.00. People wondered how we could do it; hesitated a little and waited to see. Naturally, we couldn't blame them for that. We always have urged the public to make the most thorough investigation of all our competitors' cars. Then, of course, they couldn't help but buy from us. So we said, "All right, wait and see."

THE FLANDERS ENTERED a number of the most important competitive events—reliability runs, races, hill climbs—and made an extraordinary showing. The car began with three perfect road scores in Iowa's Little Glidden; followed it with first and second prizes in the arduous Minneapolis to Helena reliability run. Then cut 47 seconds off the old class record of two minutes, five seconds in the Worcester Bend Horse Hill Climb, and, after various other victories, performed the pathfinding for the Glidden Tour in better time and more successfully than any car ever did it before. Finally Flanders "20" wound up the season in a blaze of glory by breaking all world's records for its class on the Indianapolis Speedway for 1 to 20 miles.

THESE REMARKABLE ACHIEVEMENTS have made the Flanders "20" perhaps the most talked of car of the season. Interested automobilists crowded to buy and our production soon reached and maintained the extraordinary record of 100 cars per day. Today, if you will make inquiry, you will find that the cars are operating all over the country with unbroken success. They are giving practically no trouble whatever and any owner will tell you the same thing.

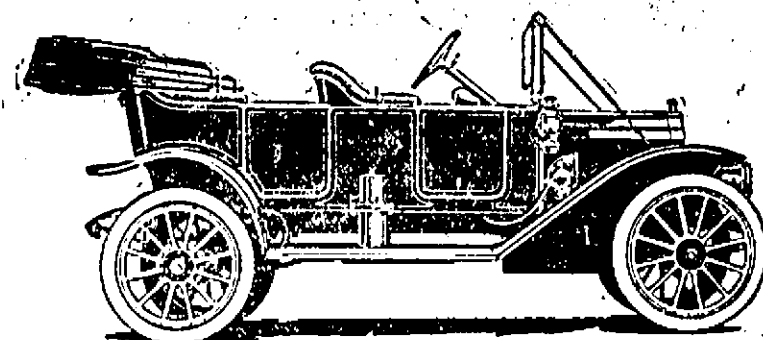

THEN THERE IS THE E-M-F "30" which for four years has maintained itself as a car of unequalled service. The "30," too, practically sells itself. Anybody who ever owned one or had a friend who owned one knows of the consistent service this car has given. The value is established. We are making them just as good as we always have made them, and they are selling just as freely. This year we have lengthened the wheel base, as you know, possibly improved the appearance of the foredoor body until no handsomer car is seen; made the throttle and spark control a trifle more convenient; added one or two little alterations in appearance. And that is all.

THE GREAT THING ABOUT E-M-F "30" AND FLANDERS "20" CARS is that essentially they are unchanged. In quality, motor and transmission, design and everything that goes to give reliability and genuine satisfaction the cars are unaltered. No new varieties for the curious purchaser; no weak excuses instead of real value. Simply the assurance that our cars are what they always were; and the Flanders guarantee behind them. The man who weighs value and looks for his full money's worth for every dollar he spends is going to buy an E-M-F or Flanders. Because we offer him certainties. He knows what he is getting.

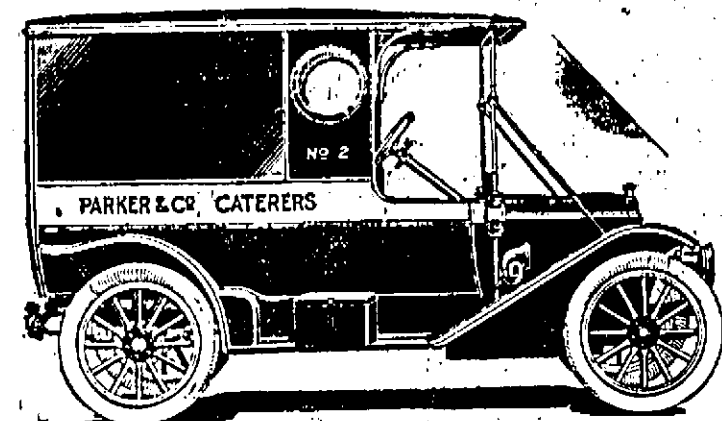

FOR 1912 THE FLANDERS LINE INCLUDES five models built on the one chassis. The Touring Car is the handsome, straight line, smart appearing car which has become a familiar figure on the streets everywhere. We have just brought out a similar foredoor Roadster of smart, racy, comfortable design which has been on our foreign market for some time and proven very popular. Of course, there is the Witt Special which was designed by our racing driver, Frank Witt. It is a low-seated, roomy, scuttle dash Roadster with a world of speed. The utility car, the Suburban with removable rear seat, has been a boon to contractors and others who want a carrier car available also for family use. Perhaps best of all is the Coupe at \$900, sold also as extra Coupe body with Touring Car at \$1050.

THERE ARE THREE E-M-F MODELS—Touring Car, Detachable Demi-Tonneau, Roadster. Look them over early, for the demand is going to be keen. They are big, simple, handsome cars, beautifully finished with as much care in painting and varnishing as any high priced cars built, bar none. In all their appointments they invite comparison with any cars shown. And then they have their reputation for service back of all the pleasing appearance. The Touring Car is for five passengers; the Detachable Demi-Tonneau for four; the Roadster, of course, for two.

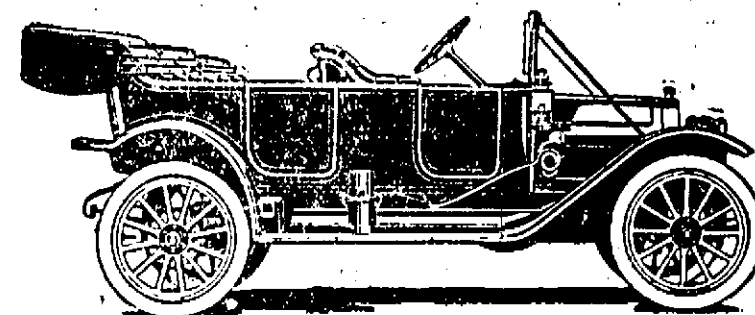

E-M-F

WOMAN'S PAGE

HEART AND HOME TALKS

BY BARBARA BOYD

Earning Money At Home

ANY woman realizes that she would be better dressed and at less cost, if she had some one who understood the art of dress to advise her what to get. If she has her gowns made, her dressmaker tells her what material to buy, and how to have it fashioned. But this is about all the expert advice she receives on the subject of her clothes. For the rest of her wardrobe, she wanders forth and buys hats, waists, neckwear, suits, in the shops. And as she knows she lacks taste, judgment and experience as to what to buy, she realizes that the result is a hodge-podge that makes her ill dressed.

On the other hand, she sees women who understand the art of dress looking twice as smart as she does on half the cost. And she often wishes there was some way by which this taste and judgment and experience could be placed at her service.

Furthermore, many a woman has quantities of lace, embroidery, ribbon, flowers from past seasons' hats, often dresses and waists, which are no use to her in their present condition, but which she realizes could be utilized to make pretty wearables, if she had the eye to discern their possibilities.

And too, a woman would often like to consult some one whose judgment she could trust as to the wardrobe for a special trip, a trousseau, or a daughter's dress equipment for a first season.

Here, then, is a field for the woman who understands the art of dress, and who has the knack of using left-overs. She could go to the woman who needs sartorial advice, and plan out her season's wardrobe for her. She could furthermore look over those things on hand and see how they could be utilized.

To do this work, a woman would need to know what is fashionable, have a fair idea of cost, so as not to run beyond her client's limits, and, of course, have that understanding of art in dress that enables her to know what will be becoming to her customer. In reality, she would be an architect in dress. She would need to plan the wardrobe so that as a whole it would be harmonious. She must give her patron hats and blouses and neckwear that would go with her suits and dresses. All the little accessories of dress must fall into the scheme of the costume of which they are a part. This is the point on which so many women fall down, and it is the point that often makes a handsome costume. She must consider her customer's hair, complexion, eyes, figure, and her station in life, so that her dress will fit her environment. She must plan so as to utilize last season's garments and the trimmings that may be on hand.

But to some women, such work is easy and thoroughly enjoyable. And the woman who has this ability and who wishes to earn some money, could undoubtedly turn it to profit. She could let herself become known as a consulting fashion expert, and when it was once understood how helpful her suggestions were, and how she really lowered the cost of dress while achieving better results, women would quickly make use of her services.

Thought for Today

MRS. ROBERT M. LAFFLETTE.

LEAD POISONING.

A NOTABLE bulletin has just been issued by the United States Bureau of Labor on Industrial Lead Poisoning in Europe and the United States. It concerns many people. Lead is used in painting, pottery, plumbing, dyeing, wall-paper manufacture, besides many minor industries.

Lead poisoning is not so terrible a disease as "phosphenia." Often the loss of health is so gradual workers do not realize that it is caused by their occupation. Great waste of human life goes on because of ignorance of this cause.

Studies in Europe have shown the poisoning is largely preventable and legislation has been enacted for its prevention. There has been no specific legislation in the United States, except in Illinois.

Dr. Allen Hamilton made the studies of the factories manufacturing white lead in the United States. It is interesting to note she combines the housekeeper's instinct with her scientific research. Lead poisoning is largely due to dust. She speaks of the lack of ordinary housekeeping, when it happens that great heaps of the poisonous stuff are allowed to lie about, exposed to drafts and the passage of workers to and fro.

Careless management of a beautiful new factory brought about such a condition of things that during the fourth and fifth months of its operation eleven men out of a payroll of fifty developed severe lead poisoning. In contrast to this, one of the oldest factories employing seventy men had only one case during four months. This difference, Dr. Hamilton says, could not be attributed to anything except difference in management and control.

Among the standards she lays down for good construction of a white lead factory are light enough to show dust and dirt, abundant and well distributed water supply so the floors can be easily sprinkled, and efficient dust-collecting systems.

Scrap Books for Recipes

There has been a considerable call for scrap books in which to preserve the recipes and household hints, appearing daily on the Woman's page of The Gazette and a supply of them are being prepared for those who wish them. Much of value is contained in these various articles and the housewife can save the items which most appeal to her with the Scrap Book made for this purpose.

It can be secured by clipping three of the coupons appearing in the paper daily and presenting them at the office or by sending 2 cents in stamps with the coupon where it is to be for these various articles and the housewife can save the items which most appeal to her with the Scrap Book made for this purpose.

SCRAP BOOK COUPON

On presentation of three of these coupons clipped on succeeding days from the Daily Gazette, at The Gazette office, a Recipe Book will be given free. If the book is to be mailed include 2c postage.

Feb. 24, 1912.

UP-TO-DATE HOUSEKEEPING.

Lent Brings to Mind Appetizing Ways to Cook Fish.

By Alice E. Whitaker.

In one city the commission merchants recently passed a resolution asking that the people buy more fish. No matter what the commercial motive of these men might be it is wise at any time of the year for the sake of both economy and health to substitute fish for meat more than is customary.

Lent ought to be observed distastefully by every one for there are the best of reasons for taking lighter foods as warm weather approaches. It cools the system and prepares the body properly not so many people would believe that they dislike fish.

Haddock baked in tomato sauce is recommended. First make three cups of tomato sauce and reserve two cups. Have a thick piece cut from the middle of a large haddock and lay it on a buttered baking pan. Set in the oven and as soon as the fish becomes tender, brush it with tomato sauce. First make three cups of tomato sauce and reserve two cups. Have a thick piece cut from the middle of a large haddock and lay it on a buttered baking pan. Set in the oven and as soon as the fish becomes tender, brush it with tomato sauce.

butter on each also a thin slice of onion. Let stand half an hour, take off the onion and set the fish in a buttered shallow dish. Bake fifteen or twenty minutes in a moderate oven and serve with a tomato sauce.

A fish soufflé is made from halibut. Cook two pounds in boiling salt water for fifteen minutes then take out the bones and skin and pick into fine flakes. Heat one cup of milk, add one-half cup of bread crumbs and heat; add one-quarter cup of butter and a rounding tablespoon of flour rubbed together until smooth and stir and cook until thick.

Take from the fire and add the fish, one level teaspoon of salt a little white pepper and the whites of four eggs beaten stiff. Put into buttered individual baking dishes and set in a quick oven. Bake until browned a little and serve at once.

An egg sauce with baked fish is another variation. Have a thick slice cut from halibut and hold the skin in boiling water for a minute then scrape with a knife. Lay the fish on a buttered sheet laid in a baking pan pour in milk until half an inch deep. Bake the fish baking often with the milk.

Slip the fish onto a warm platter and serve with an egg sauce, for which melt two rounding tablespoons of butter, add the same of flour and when rubbed smooth pour in two cups of boiling water.

Season with one-half level teaspoon of salt and a little white pepper. Cook five minutes and two hard boiled eggs chopped coarsely and two more rounding tablespoons of butter cut in small pieces. As soon as the butter melts pour the sauce round the fish.

The Kitchen Cabinet

I CAN'T abide to see men throw their tools I that way the minute the clock begins to strike, as if they took no pleasure in their work, and were afraid of doing a stroke too much. I hate to see a man's arm drop down as he was about before the clock fairly strikes, just as if he'd never a bit of pride and delight in his work. The very kindred of men who turn a bit of their tools into a bit of their work.

George Elliot.

SOME CHOICE NORWEGIAN DISHES.

As every nationality has some characteristic dishes which make them famous, they are intensely interesting to those who make a study of cookery, and any of us may be glad to add them to our collection.

Patman's Bakels (Poor Man's Cakes).—Take one egg, beat very light, add a tablespoonful of sugar and a tablespoonful of thick sour cream and flour to roll very thin. Cut in long strips and fry in deep fat. Sprinkle with powdered sugar.

Another Bakel.—Beat four eggs very light, add a cup of sugar, a cup of cream and vanilla to flavor. Add flour to roll and cut in diamond shapes. Fry in deep fat. Sprinkle with powdered sugar.

Peppita Krause.—Take two eggs and the yolk of one, reserving the third white; add a cup and a half of sugar to the beaten egg, two tablespoonfuls of sour cream and a half cup of butter. Mix with flour to roll. Cut in strips and roll, then fold in the form of a wreath, lapping the ends. Sprinkle with the white of egg and sprinkle generously with fine granulated sugar and cinnamon well mixed.

A delicious sandwich filling is made of chopped hard-cooked egg and equal parts of grated cheese. Spread on whole wheat bread.

Nellie Maxwell.

Their Historic Blunder. Koschusko had fallen and Freedom was shrinking. "Confound her noise! We should have bound and gagged her!" exclaimed her enemies, mortified at their glaring oversight.

From which we seem to learn that the whistled pandours and fierce musars of those days, while expert marauders, lacked the resourcefulness of the modern burglar.

Water is Scarce and Costly. Water used in Aden, Arabia, is pumped from wells ten miles away. Distilled water is delivered at 73 cents and ordinary well water at 40 cents for 100 gallons.

Knitting Needle in Her Body.

Clara Warrillow, a two-year-old Longton child, who died lately, lived for nearly nine months with a knitting needle in her body. She was operated on a few days ago, and the needle was extracted, but she died.

First La Grippe, Then Bronchitis.

Such was the case with Mrs. W. S. Bailey, McCrory, Ky. "My wife was taken down with a severe attack of la grippe, which ran into bronchitis. She coughed as though she had consumption and could not sleep at night. The Doctor's medicine gave her no relief and I was advised to try Foley's Honey and Tar Compound. The first bottle gave her so much relief that she continued using it and three bottles effected a permanent cure." Mr. W. S. Bailey says he is prepared to answer all inquiries promptly. Badger Drug Co.

The Evening Chit-Chat

BY RUTH CAMERON

ONE of the prettiest touches I have ever seen in a guest room was in a new bride's home. In the folds of the big puff on her guest bed were tucked a dainty pair of negligee slippers. This little personal touch seemed to treble the charm of the whole room.

In another home, the house mother always keeps a few books and magazines on a little reading table by the guest's bed.

In still another home, if the guest be a close friend or relative and is to stay any length of time, the hostess makes a point of hunting up all the pictures she possesses of her guest's family and friends, and putting them on the visitor's dresser.

It is cordial, comfortable little touches like these, which give a guest room more distinction than any formal perfection possibly could.

A woman who shops a good deal, and being absent-minded, is continually mislaying her muff, bag, or umbrella, or losing one of her purses, has hit upon this expedient for stopping the leak.

"It doesn't do me any good," she says, "to look over my bundles and see if I have them all. I'm sure to forget that way. So I count them, reckoning in my umbrella, bag and muff, and every time I make a move from one shop to another, or from one car to another, I count them again. Then if the count tallies, I know I'm all right and don't have to try to remember what's in each bundle, and if I've got this or that."

To anyone else an absent-minded as she, if there be such unfortunate folks, the lady wishes to recommend her method.

I want to tell you about a unique and interesting wedding present, which a February bride received from her father. Although this gift was probably the least beautiful of all the articles which were displayed, there was a cluster of guests about it all the time at the wedding reception.

The gift was a small oak tool chest, about two feet by three and built to hang on the kitchen wall. It contained every tool which any household exigency could possibly call for—hammers, saws, screw drivers, awls and many other tools, with which I am not familiar, were there. Tacks, screws, and nails of all sizes were provided in little drawers at the bottom of the chest.

Surely, any young couple who have found themselves liberally provided with French clocks and cut glass dishes for every possible article of food, but without a hammer and screw-driver with which to operate their goods and put down their carpets, will appreciate the value of such a gift.

Indeed, the lack of household tools is not confined to newly married folks. I know one couple who have been married six years and yet do not have a hammer and screw-driver when need of that article arises.

By the way, we have had linen showers and kitchen showers, stocking showers, bag showers and many other varieties which I can't recall just now. But I never did hear of a tool shower. Now why wouldn't that be an interesting and novel function for the girl who likes to do original things to give her engaged friend?

MRS. ELLEN SPENCER MUSSEY.

SUGGESTED FOR SUPREME COURT.

New York City.—The suffragettes are actively pushing the campaign in behalf of two well known women attorneys for their appointment to the Supreme Court bench to succeed the late Chief Justice Harlan. The two attorneys selected are Mrs. Ellen Spencer Mussey, LL. D., who lives in Washington and is active in the Columbia Woman Suffrage association. The other is Miss Emma M. Gillette, LL. D., who has been practicing law before the United States Supreme Court in Washington for over ten years.

MISS ELIZABETH G. FLYNN

FINDS HOMES FOR LAWYER'S STRIKERS' CHILDREN.

Boston, Mass.—Miss Elizabeth G. Flynn has been busily engaged since the beginning of the strike of lawyers, Mass., in finding homes for the destitute children of the strikers. She has taken scores of such children to New York City and other points and through organized charities has found suitable homes for them. The astonishment and wonder created in the minds of the children by the busy metropolitan scenes was worth the whole effort if nothing else was gained for the children for to many of them it was the first visit to an unknown fairland.

To discontinue your advertising is to shut off the power. The car will run for some distance by its own momentum, but the stop is certain. There is no such thing in business as perpet-

TAFETTA, THE RIVAL OF FOULARD FOR SUMMER DRESSES.

New York City.—There is just now a craze for taffeta—and especially for changeable taffeta in light summery colors. These taffeta frocks are made up with quaint, old-fashioned quillings, pinked scallops and pipings and hosts of buttons are used for trimmings. The frock pictured is of with violet.

DAILY DIET AND HEALTH HINTS

By DR. T. J. ALLEN, Food Specialist.

"SICKNESS" NATURE'S EFFORT TO KEEP YOU WELL.

Children have more diseases than adults because a child has greater central vitality to be used in eliminating the ill of heredity than an adult. Unless the child gets too much food or unnatural food, or not enough of the right food, together with proper air, light, water, variety of exercise of the mind through the use of the objective faculties and of muscular exercise—unless the child is improperly nourished (and nurtured) it will be sick in the right way, the positive way. Measles are good for a child that has in the system, by heredity, unwholesome conditions that must be eliminated if it is to grow up healthy in body and mind. Do not stop or drive in the measles, nor any other disease; aid nature in elimination. Provide carefully proper nutrition and give nature a chance. Maintain proper nutrition and nature will do the rest. It is natural to be well, not sick. Sickness is but the healthy effort of nature to right wrong conditions. A dead man cannot be sick.

The pain you feel is the result of nature's effort to restore normal conditions; therefore be thankful that you are "sick," for it is a sign that you will soon be well—if the vitality is not too far exhausted and if too many obstacles are not put in nature's way.

Novelty Brings Profits.

A New York grocer has combined an advertising novelty and a source of profit in a butter churn, which is in almost constant operation in his store. The churn is driven by a small electric motor and the scheme is to sell a patron a quantity of cream and then, for a small charge, churn it into butter. The operation takes but a few minutes.

THE GERM WHICH PRODUCES DANDRUFF

Finally Causes Baldness.—Kill The Germ And Save Your Hair.—Newbro's Herpicide Will Do It.

Did you ever try to discover a reason for the dying of a valuable plant? You perhaps found that life was destroyed by some insect or parasite, working about the roots and sapping away the elements which go to support plant life.

The dandruff germ exercises the same destructive influence upon the life of the hair—its force its way down the follicle around the hair bulb and thus prevents the hair from getting proper nourishment. The hair dies and drops out.

Newbro's Herpicide prevents this by killing the germ. It also frees the scalp from the accumulation of dirt and sear skin. With the removal of these obstacles to a clean, healthy scalp, the hair will grow naturally and luxuriantly.

Herpicide is known as the Original Dandruff Germ Destroyer.

One dollar size bottles are sold and guaranteed by all druggists.

Applications may be obtained at the better barber shops and hair dressing parlors.

Send 10c in postage or silver to The Herpicide Co., Dept. R., Detroit, Mich., for a nice sample of Herpicide and a booklet telling all about the hair. J. P. Baker, Special Agent.

You Can Always Cut Even Slices From Bread Made With Matchless Flour

You women of Janesville who know how difficult it is to slice ordinary bread evenly will be delighted with your first baking from Christian's Matchless Flour.

You will find that while your bread is light it slices evenly and easily without crumbling.

This is because the wheat in Matchless Flour is not crushed to a fine dust. The process of milling Matchless Flour is actually a digging out of the white part of the wheat berries and after a succession of careful screenings you have in Matchless Flour a minutely granulated flour instead of a crushed-to-a-dust flour.

You'll like Matchless Flour. Your grocer has it or will get it, telephone him now!

Janesville Wholesale Grocery Co.

Distributors for L. Christian Co.'s Matchless Flour.

Proceedings of The County Board

(Continued.)

Supervisor Tuller presented the following report:

To the Board of Supervisors of Rock County.

Gentlemen: Your Committee No. 10, to whom was referred the following entitled bill, would respectfully report that they have had the same under consideration and after a careful examination of all the items contained therein, recommending that the several amounts set forth in this report, be allowed each claimant respectively, to-wit:

No.	Name of Claimant	Amount	Recommended
191	Jamesville, tax levy	\$1,000 00	\$1,000 00
202	Johnston, tax levy	\$1,000 00	\$1,000 00
203	Harmony, tax levy	\$1,000 00	\$1,000 00
204	Johnston, tax levy	\$1,000 00	\$1,000 00
205	Johnston, tax levy	\$1,000 00	\$1,000 00
206	Johnston, tax levy	\$1,000 00	\$1,000 00
207	Johnston, tax levy	\$1,000 00	\$1,000 00
208	Johnston, tax levy	\$1,000 00	\$1,000 00
209	Johnston, tax levy	\$1,000 00	\$1,000 00
210	Johnston, tax levy	\$1,000 00	\$1,000 00
211	Johnston, tax levy	\$1,000 00	\$1,000 00
212	Johnston, tax levy	\$1,000 00	\$1,000 00

Complete Total.....\$31,950 00

Balance brought forward.....\$1,820 20

Total amount for road construction, 1911.....\$33,770 20

Total orders drawn, 1911.....\$31,332 09

Balance on hand, Dec. 31, 1911.....\$2,442 27

Average cost per mile of road 1911.....\$1,162 23

Average cost per yd. for material hauled.....65c.

The number miles built in 1911.....31 1/2

Number of miles in County, Jan. 1, 1912.....104

The caring for and repairing of road machinery 1911.....

To Frank Tuller, for storing roller, and repairing side-walk, broken by the engine and is hereby further recommended that all the appropriate officers of the County to remain the same until changed by resolution of the County Board.

All of which is respectfully submitted.

J. C. McVOY,
S. B. HEDDLER,
G. CLEMETSON,
Committee.

Adopted.

Supervisor L. E. Gelle moved that the Clerk be instructed to cast the vote of this Board for F. P. Smiley for County abstracter for the term to expire Jan. 1, 1913.

Adopted.

Ballot cast and F. P. Smiley declared duly elected.

Supervisor L. E. Gelle moved that Committee heretofore with the County abstracter provide in such contract for such rates and have heretofore provided in such contract for such rates, but that such contract also authorize such abstracter to meet any competitive rates for abstracts furnished by him whenever he deems it expedient to do so.

Adopted.

Supervisor Rowe presented the following:

I hereby move that the sum of two thousand dollars (\$2,000) be appropriated from the general fund for the Rock County Teachers' Training School, orders to be drawn as needed by the County Clerk in favor of the Training School Board.

Adopted by following vote:

Name	Amount
Braden, Cannon, Clemetson, Crall, Downing, Gelle, Gleason, Gray, Hanson, Heddler, Hopkins, Barker, Hutchison, Moore, Morton, Moseley, McCarthy, McVoy, Newhouse, Paulson, Retherum, Rehfeld, Roach, John Sherman, W. T. Sherman, Shoemaker, Simon Smith, C. M. Smith, Jr., Stevens, Swingle, Tollefson, Treudway, Tuller, Wilford, Paul, Ayes 25.	Nays 0.

Supervisor McVoy read the report of Special Commissioner on the adjustment of salaries of Elective officers of the County.

To the Honorable Board of Supervisors of Rock County.

Gentlemen: Your Committee, to whom was referred the adjustment of the salaries of the various officers of Rock County, beg leave to report as follows:

That after careful consideration, and in view of the laws applicable to certain officers, we have deemed it wise at this time not to disturb the existing order, but to allow every office in the County, as regards salaries of elective officers to remain as they are, and as they have been for the past two years, and to remain in force for the next two years, the same to take effect Jan. 1, 1913, as follows:

Office	Salary
Sheriff's salary	\$1,500 00
Supt. of schools	1,800 00
Municipal Judge of Beloit	1,500 00
County Treasurer	1,000 00
County Clerk	1,575 00
and one hunting license	1,200 00
District Attorney	1,500 00
Register of Deeds	1,500 00
Clerk of Circuit Court	1,500 00

And be it further resolved, That all of the salaries of the elective officers be and are hereby to remain the same, and we would further recommend that all the appropriate officers of the County to remain the same until changed by resolution of the County Board.

All of which is respectfully submitted.

J. C. McVOY,
S. B. HEDDLER,
G. CLEMETSON,
Committee.

Adopted.

A LITTLE BIT HUMOROUS

Needed Dusting.
A woman crossing on a ferry boat told a dockhand that she wanted to see the captain when the boat reached the slip and make a complaint. When the captain came the woman said:
"I want to make a complaint about those life preservers in the deck colling. Just look at them!"
"Well, what in the world is the matter with 'em, madam?" asked the captain, as he looked up at them.
"Matter with them?" echoed the woman. "Don't you see that they're dirty? They ought to be washed. If a woman with a nice summer dress on had to put one of those dusty things on over it, it would never be fit to wear again."—Ladies Home Journal.

The Way She Felt.
"My dear, if I should fall in love with another woman, would you sue for her alienating my affections?" asked Mr. Sinathers, tentatively.
"No, indeed," answered Mrs. Sinathers, who had recently been outpointed in a little domestic argument. "I would ask the woman to give me a 2-cent postage stamp and call it square."—Harper's Bazar.

Routine Resumed.
Master—So you have friendly doings with your brother's people once more?
Pat—Yes, sir. His family and ours do be scrapping again us. If they'd aiver bin parted.—Harper's Bazar.

Natural Antipathy.
"Our teacher says we must do our hair plainly. She doesn't like rats." "Just like the old cat!"

Visitor—Wouldn't you like to get out?
Convict—Nix. I'm here for having four wives.

POOR MAN.

Insurance Agent—My company will send you a check in the morning for \$2,000 insurance on your late husband.

Widow—My husband always said your company would never settle in full. Oh! if he had only lived to see this day.

The Light That Failed.
First Theoplain—I don't think much of this starring business, do you?
Second Ditto—No; it's all moonshine.

SIDEWALK SKETCHES.

BEDS
(By Howard L. Rann.)

The bed is an ancient health resort which was invented about the time that sleep was first put on the market. It was not used a great deal until after Noah's time. Adam didn't do much sleeping of any consequence, as he had to keep an eye on Eve and the other on the apple tree, an experience which is still being duplicated in several million localities. Beds can be had in various styles of architecture. One of the most pleasing and ornamental is the twin style, in which a man has to fall out of bed in order to turn over. This bed has the further advantage of permitting one to edge away from a lusty snore without giving offense or embarrassing the covering. Then there is the folding bed with foredoor entrance and detachable footboard. This bed is frequently used by people who are in a desperate mood or are anxious to realize on their life insurance. Memory elings with fond delight to that household joy, the feather bed, and the feather bed has come to a whole lot of people in its time. Many a person who climbed in to a feather bed in the prime of vigor, on a moonlight, faded away before breakfast, thus until they had to locate him with a plumb line. The straw tick is another variety of bed which is very popular with people of coarse culture and a violent passion for sleep in any form. The trundle bed was originally used to remove children from the corrupting influence of the spirituous hard cider and the treasuring apple. It was a nice article to sleep in, as it was generally understood and took up all the spare room and loose pneumonia that any family could afford to entertain. It is pleasant to note that the old four poster bed, with square legs and high-tension sounding board, is again into favor with the hon ton of our great cities.

Qualified.
Saphedde—Society is a terrible bore. Don't you think so, Miss Cutting?
Miss Cutting—Some people's.

LEAP YEAR.
The girl proposed.
Her luck was bad.
The chap referred
Her to his dad.

Find the chap.

FORTY YEARS AGO

Janesville Gazette, Feb. 21, 1872.—Harrell will deliver two public addresses in Manchester during the Easter holidays.
General Sherman, Admiral Alden, Lieutenant Grant and a party of Americans and visitors, went to Pompeii on Saturday and had a picnic among the ruins.
The Board of Education of Newark, New Jersey, has thrown open the public schools to colored children on equal terms with the whites.
The Whitewater Register says that James M. Sherman, of Richmond, recently brought into Whitewater this year's hog which weighed 17,700 pounds. The lightest hog in the lot weighed 322 pounds.
Miss Harris, the missing man, has written to parties in this city stating that he is enjoying excellent health at Lyons Falls, New York.

THE DUKE OF CONNAUGHT.
FROM A PHOTO BY UNDERWOOD & UNDERWOOD

THE SMILE THAT WON WASHINGTON.

Washington, D. C.—The visit of the Duke of Connaught at the nation's capital will long be remembered, as perhaps no other individual in recent years has so strongly impressed his personality upon those with whom he came in contact as has the uncle of King George of England.

His genial smile, his democratic attitude toward all, his thorough enjoyment of the social events planned

for him, his fifteen-minute talk with President Taft when three minutes was all that was necessary to comply with the formalities of the occasion, all have tended to make him particularly popular. He goes back to Canada bearing the hearty good wishes of the country and having overcome to a certain extent the antipathy with which many Americans view foreign royalty.

As It Is in Society.

When a young society man is introduced to a woman at a high social function and immediately proceeds to go through unnamable gyrations with her to the music of the "turkey trot" he is "delightfully up-to-date." When the same young man is introduced to the same young woman at another high social function and immediately proceeds to put his arm around her waist as they stroll into the conservatory he is an impudent ruffian, an abandoned car rowdy, and is likely to be kicked out of the house by the butler.—New York Evening Sun.

Human Sacrifices Still.

In some parts of Syria the peasants believe that doctors and druggists have a right to kill one man and one woman every year to make medicines out of their bodies. A druggist whose establishment was boycotted because he was thought to have tried to murder a boy, brought suit against the boy's parents for their interference with his trade, but he received no damages, as it was recognized that the adults were believers in the old superstition.

Speeding the Guest.

The hostess was so weary, after an inordinately long call from a bore, that when he at last rose to go she was almost incapable of coherent speech, and her words in consequence changed places in her final effort at hospitality. It ran as follows: "Oh, Mr. Peters, must you stay? Can't you go?"

Remarkable Strength of Bone.

The strength of bone is said to be 21,000 pounds to the square inch, while a sample of hard wood tested only half of this.

Body and Mind.

A sound mind in a sound body; if the former be the glory of the latter, the latter is indispensable to the former.—Tryon Edwards.

LEGAL NOTICES

NOTICE OF HEARING.

STATE OF WISCONSIN—County Court for Rock County.
Notice is hereby given that at a special term of the County Court to be held in and for said County at the Court House in the City of Janesville, in said County, on the third Tuesday, being the 10th day of March 1912, at nine o'clock a. m., the following matter will be heard and considered: The application of Tilda Heggen for the adjustment and allowance of her final account as Administratrix of the estate of N. S. Heggen late of the Town of Plymouth in said County deceased, and for the assignment of the residue of said estate to such other persons as are by law entitled thereto.
Dated February 16, 1912.
By the Court
RAY W. CLARK, Register in Probate.

NOTICE OF HEARING.

STATE OF WISCONSIN—Circuit Court for Rock County.
Kathie Plunkett, Plaintiff,
vs.
James T. Watson, James G. King, William D. Watson, Nathan W. Watson, John Watson, Mariah Lawrence, Della Watson, Frederick Watson, Henry Watson, Douglas Watson, Charles Watson, George Watson, James Watson, William D. Watson, John Watson, Sarah Watson, George Watson, Polly Bennett, Ebenezer Watson, William D. Watson, Maria W. Watson, Thos. Watson, George Watson, Jeremiah Watson, Mary W. Bull, Daniel Hummel, James Hummel, Herman Watson, Lorraine Baker, Betty, Beane, Francis, Beach, Julia, Beale, Thomas Waugh, Annie Goodwin, Lucy Gallup, William Talcott, Helen Talcott, Elizabeth Talcott, John J. Talcott, Thomas H. Talcott, Mary B. Vandenberg, Charles S. White, Frances D. Waterman, Edwin S. Waterman, Samuel H. Waterman, Alexander S. Waterman, Mary Ann Waterman, Sarah L. Waterman, George S. Waterman, Berntha S. Horton, James W. Horton, William F. Horton, Charles E. Horton, Mary Rice, George H. Cady, Elizabeth Dawson, Ezra Foot, Frank A. Borch, Julius Gilbert, Varney Bump, Thomas Wilson, George Wilson, Lester Ames, Francis T. Beach, Myron Fitch, Henry E. Harris, and John Watson and Frederick Watson as trustees of the trust created for the benefit of Henry Watson, Douglas Watson, Charles Watson, George Watson, James Watson and William D. Watson, and their unknown heirs, and all persons whom it may concern, defendants.
The State of Wisconsin to the said defendants:
You are hereby summoned to appear within twenty days after service of this summons, exclusive of the day of service, and defend the above entitled action in the Court aforesaid; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint.
E. D. McGowan, Plaintiff's Attorney.
P. O. Address, No. 305-310 Jackson Bldg., Janesville, Rock County, Wisconsin.
Note: The above entitled action is brought by the plaintiff to establish and quiet her title and claim to and forever bar the above named defendants, known and unknown, and all persons whom it may concern, against having or claiming any right, title or interest adverse to the plaintiff in and to the following described premises, to wit:
That certain piece or parcel of land, situate, lying and being in the Town of Plymouth, County of Rock, State of Wisconsin, and known and described as follows, to wit: "Commencing at a point twenty-five (25) feet North of the North East corner of Block Ten of the Village of Footville, Rock County, Wisconsin; thence East four chains and eleven links; thence South six chains and eleven links to Northern line of the right-of-way of the C. & N. W. Railway; thence Northwesterly along said line of right-of-way to the South East corner of above described Block Ten, Village of Footville; thence North to place of beginning three chains and forty-three links, excepting and reserving a strip of ground ten feet wide, containing two and one-half acres of land; also a piece of land formerly known and distinguished as Lots one and two, Block Ten, also a strip of land twenty-five feet in width on South side of what was formerly known as Belmont Street in said Village of Footville, according to the recorded plat of said Village, and containing five-eighths of an acre of land, more or less."
And to establish her title as to such land.
E. D. McGowan, Plaintiff's Attorney.
P. O. Address, No. 305-310 Jackson Bldg., Janesville, Rock County, Wisconsin.
ant-feb-17-4wks-cwkw.

Nevertheless, Occasionally a man makes a mistake which proves to be fortunate and profitable. Nevertheless, it is not a good plan to go about making mistakes.

Be True to Yourself.

You cannot believe in honor until you have achieved it. Better keep yourself clean and bright; you are the window through which you must see the world.—George Bernard Shaw.

His Right to Title.

A French paper says that a New Zealand chief had just taken up his residence upon a piece of land, his right to which was contested. "I have got an undoubted title to the property," he observed, "as I ate the preceding owner."

Stopped Waste of Water.

Water-waste detection has been made a science by the present city engineer of London. By its application he has reduced the daily consumption ten gallons per head of population. This saving is simply enormous. In East London alone it is enough water to meet the wants of a city of 400,000 inhabitants.

Croakers Not Always Right.

We have plenty of croaking friends, in public and private; but although it has been all up with the country for many years, the end is not yet.

COMMON SENSE CURE FOR RHEUMATISM.

Rheumatism has for ages been a puzzle to the doctors. Some claim it to be an infection, a germ disease. Others claim that the cause is uric acid, a kidney disease. It is said that uric acid is carried by the blood into the small apertures of the joints and skin where it crystallizes and it is the small, sharp crystals that cause intense pain with every motion of the body by cutting into the flesh and nerves. Whatever the cause, the best relief known is an Alkaline Elixer of the Sallayates. The chemical nature of the Sallayates is to form soluble compounds with the urates. In this way these crystals are dissolved, taken up by the blood and taken out of the body by the kidneys.

This rheumatic elixer is taken in tepid water in hot water before meals. The cure is often in a day or two, yet the remedy should be taken for some time to thoroughly neutralize the blood and prevent a recurrence of the trouble. The eliminations, as the doctors would say, that is the kidneys and the bowels, should be kept active. Rheumatic Elixer is compounded by Mr. Pfennig, our Graduate Pharmacist and Chemist, who would be pleased to give you any other information you wish. Sold at 60c. Badger Drug Co., Milwaukee and River Sts., the drug store that makes a specialty of drugs.

JANESVILLE AGAIN IN THE SPOT LIGHT

A CLIPPING FROM THE "HORSE REVIEW" OF FEB. 21, 1912.

This comes to you unasked for, but as Janesville, Wis., is about to come into its own again as regards the harness horse, a few news notes probably won't come amiss. A new association was formed last year who bought the old mile track, which, in its day, was one of the very best in the entire northwest, over which, in the '90's, many of the Grand Circuit stars raced, and over which H. D. McKimsey once trained the get of Phallamont, George W. Howe, etc. The new management tore down fences, buildings, etc., and have rebuilt, with additional buildings. They also constructed a first-class half-mile track on the inside of the mile one, so built that the one grand stand does for both tracks. Seventy-five roomy box stalls are to be built this spring.

The McKimsey property has been purchased by F. W. Tubbs, of Chicago, and is undergoing a course of reconstruction. This property adjoins the track, and Mr. Tubbs intends it for his private training plant, to develop the youngsters which he raises on his farm at Darien, Wis. He will have three head in training this year, viz., Vellevann, 4, by Red Clute 2:24 1/4, dam Naomi, dam of three, by Allegro; Baron, 2, by Baron Phallus 2:18 1/4, same dam, and Queen Posey, yearling, by Baron Posey 2:21 1/2, dam Maude Anderson, by Col. Anderson, p. 2:18, dam by Nutwood Wilkes 2:16 1/2.

Vellevann was worked about sixty days by E. H. Eriessson, who trains for Mr. Tubbs, last fall, and showed herself a first-class trotter, being able to beat 2:30, with a final quarter in 34 1/2. She is a very large mare, weighing 1,300 pounds, but is as light footed as a pony, and never makes a mistake. Baron, 2, has had no track experience, but can brush as fast as an old campaigner. Mr. Eriessson is now jogging Paul Day, green pacer, by The Rex, p. 2:24 1/4, owned by George Charlton, that as a three-year-old could brush a quarter in 31 seconds. About Janesville he is considered the best green one in sight.

E. Ray Lloyd, owner of The Rex, is jogging him daily and has him in very fine form. This horse can easily take a mark of 2:10 with half a chance, for he has a wonderful turn of speed, and is very good headed. He is also proving himself a good sire, as every one of his colts to be trained, has shown well, notably Paul Day, as above, and Josephine Rex, a green trotter, worked by William Holt last year. Early in the spring she trotted a mile in 2:20 1/4, final quarter in 33 seconds, and is gaited to order, but unfortunately went wrong. Holt is now jogging a colt by The Rex, dam by Wheatland Onward, that looks good, also a colt by Prodigal.

Sheridan Bros. own Ray Rex, green pacer, by The Rex, that has proven himself the king of the ice this winter. He looks to be a good prospect, and they intend to give him a chance. Mayor Nichols also owns a Rex pacer that shows well.

We held a meeting here in August, and hope in the near future to place Janesville once more in the front rank of Wisconsin race towns. No city has better tracks, better facilities, or better people.

ROCK RIVER.

The Rex, 2:24 1/4, 3600 lbs., will make the Season of 1912 at E. Ray Lloyd's Shop, 207 East Milwaukee Street, Janesville, Wis. The Rex is a handsome bay stallion 16 1/2 hands high, weighing 1200 pounds, and as for breeding, no one has a better one in this country.

His sire Rex American, 4:21 1/4 trotted in 2:15 at two years old, sold for \$15,000, and is one of the leading sires, having fifty-four in the 2:30 list, four of which are in the 2:10 list. One, a three year old, took a record in 1911 of 2:09 1/4. The Rex's Dam is by Prince Regent, 4:21 1/4, which is a sire of note, and is an own brother of Helcat-Law, 2:05 1/4, which is the sire of Minor Helr, 1:58 1/2, the World Champion Pacer, also, ranking fourth among the great pacers of all time.

The Rex is a brother to the Spy, which is the sire of ten in the 2:30 list, including Chimera Hat 2:18 1/4, worked a mile in 2:08 at Detroit in 1911 and was sold for \$5,000 to Mr. Thomas W. Murphy, of Poughkeepsie, N. Y., and will be seen on the grand circuit in 1912. Mr. Murphy was the biggest money winner of 1911, winning \$86,110.00.

Laesle Lee that took a record at Elkhorn, Wis., of 2:12 1/4 in 1911, and last but not least Evelyn W. 2:01 3/4 the World's Champion of 1911, pacing the fastest four heats that were ever paced in a race winning the first heat in 2:03, second heat won by Earl Jr. in 2:03, third and fourth heats went to Evelyn W. in the remarkable time 2:03 and 2:02 1/4, the World's record, for the fourth heat. She paced the last half of those miles in 53 seconds. This sensational mare paced a mile in a race in 2:05 1/4, last quarter in 27 seconds, another World's record for last quarter.

The Rex colts are large rugged ones, with plenty of substance and very fine dispositions. The Rex is a sire which is shown by what little chance his colts have had. His only colt which has been raced, Mack America, 4:22 1/4, has shown miles in 2:15, Josephine Rex trotted a mile in 2:20 1/4 in 1911. Paul Day paced a mile at three years old in 2:21, last eighth in 15 seconds. All corners looked alike to Ray Rex on the Janesville ice course this winter.

American Rex trotted a quarter in 38 seconds at thirteen months old. Tiny Tim beat everything on the ice at Beloit, Rockford and Belvidere, except the free for all horses.

The Rex can be seen any time at my place of business.

DRY GOODS & CARPETS
— SUITS - COATS - MILLINERY —

An Exhibition of
Gowns and Dresses
For Spring
will be given at this store
Monday, Feb. 26th

The representative of a Great Eastern Manufacturer will be here with his entire line and will exhibit the newest modes for spring and summer wear.

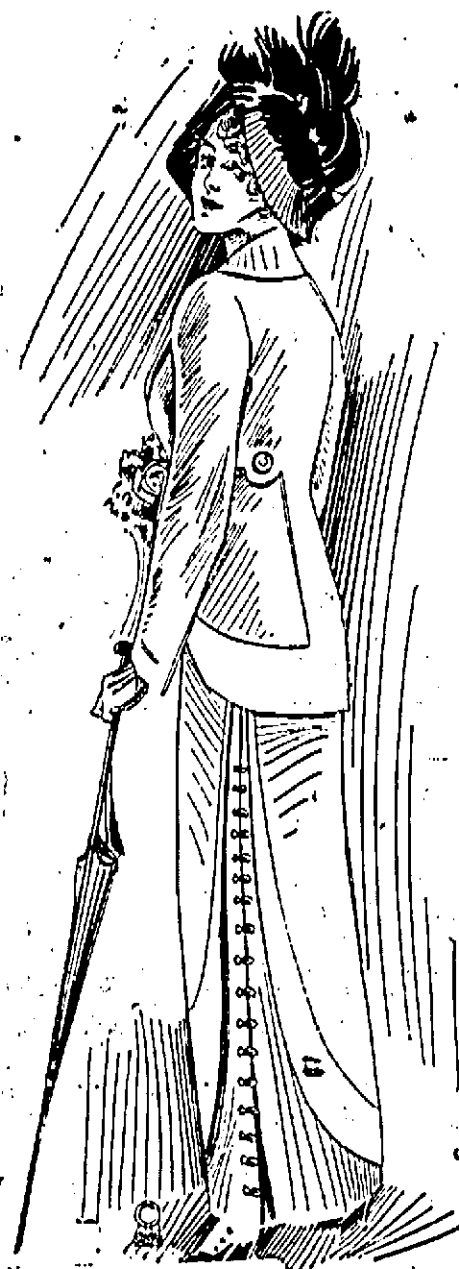

The line includes frocks and gowns for afternoon, street and evening wear, in wool serges, challies, and the finer fabrics.

The styles are authentic and will be the first complete exhibition of spring and summer models shown in Janesville this season.

Duplicates of any of the models may be ordered and will be made to measurement, which will assure a perfect fit.

Low prices are not a feature of this line. Exclusive styles, excellent fabrics and perfect workmanship are the hall marks by which you may judge these garments, and quality at the price is the aim of the maker.

Women Are Invited to Call
Monday and View the
Exhibition Whether
They Purchase
Now or Not

MONROE M. GOLDSTEIN

Monroe M. Goldstein maintains one of the most unique business enterprises ever known in connection with detective work. His business is to capture run-away husbands who have deserted wives and families.

His bureau is worked in connection with the Domestic Relations Court, recently inaugurated here. By means of an extensive secret service

agency he is able to capture fully 70 per cent of the men whom he starts trailing. He has the full cooperation of foreign countries, and whenever he can prove that the man has abandoned his children, he has no trouble in securing extradition papers. This picture shows Mr. Goldstein listening to one of the many sad stories of deserted wives.

A.D. MOREHOUSE

C.C. ELLIOT

IMPORTANT WITNESSES IN FLORIDA SCANDAL.

A. D. Morehouse, former assistant chief of drainage investigation of the Department of Agriculture (left) and C. C. Elliot (right) former chief of the same department who are accused of transferring public funds by means of irregular vouchers.

Almost Reached the Limit.

The other night at a revival a long-winded brother got up and talked for an intolerable time in a most repetitious and tiresome manner. He was followed by the pastor, whose earnest words stirred the congregation. A little later the minister asked a stranger in the church, "Are you a Christian?" "Yes," replied the stranger, "but I wouldn't have been much longer, if you hadn't talked just when you did."

The Sound Sleep of Good Health.

is not for those suffering from kidney ailments and irregularities. The prompt use of Foley Kidney Pills will dispel backache and rheumatism, bend and strengthen sore, weak and ailing kidneys, restore normal action, and with it health and strength. Mrs. M. P. Spaulbury, Sterling, Ill., says: "I suffered great pain in my back and kidneys, could not sleep at night, and could not raise my hands over my head. But two bottles of Foley Kidney Pills cured me. Foley Kidney Pills have cured my heartiest endorsement." Badger Drug Co.

FRANCISCO I. MADERO
CENTRAL FIGURES IN MEXICAN REVOLT.

Washington, D. C.—According to official information it is estimated that the crisis in Mexico is much more serious than was at first realized. Francisco I. Madero, the new President, seems to be utterly unable to cope with the situation. His cabinet members refuse to take orders and in spite of his statement that the country is in a peaceable state, the revolution is proceeding rapidly.

General Pascual Orozco, who fought side by side with Madero throughout the Madero revolution, is reported to have turned against his old comrade and to be heading a revolution from the north of Mexico personally, having been made Governor of Chihuahua.

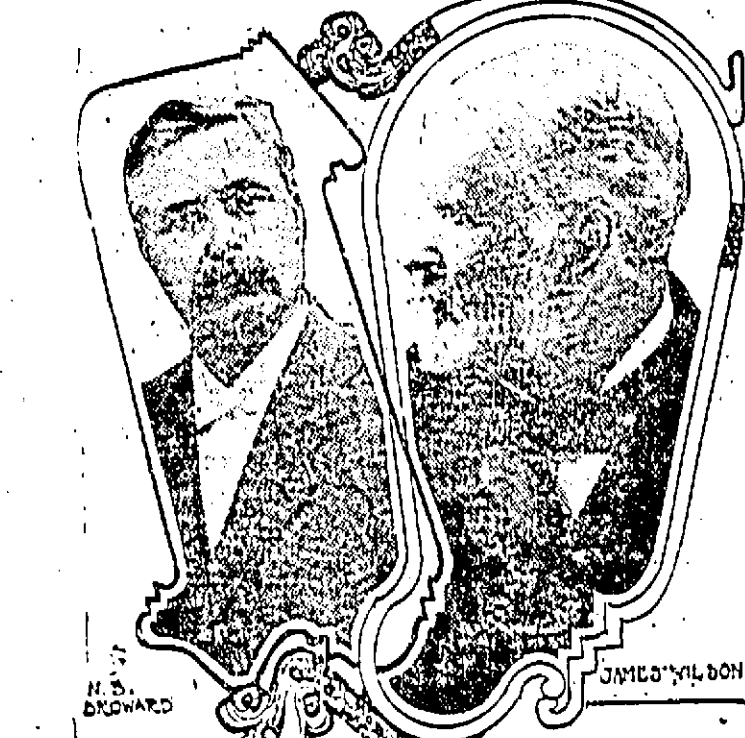

GEN. PASCUAL OROZCO

WANT TO INTERFERE IN PANAMA ELECTION

Washington, D. C.—The Colombian imbroglio growing out of the election of Panama brings to attention the crisis impending in the latter republic. The United States government has already been approached with a view to interfering with the presidential election in Panama that will take place in July.

There are nearly as many candidates for president in Panama as there are in the United States in this year of grace. The two formidable rivals, however, are Pablo Arcemena, who was inaugurated president in

FACTS ABOUT THE FLORIDA EVERGLADES LAND SCANDAL.

Washington, D. C.—Members of the House Committee of the House of Representatives, after a preliminary investigation, state that the surface of the enormous scheme to take millions from small investors has not been scratched.

They were dumbfounded by the revelation after the exploitation of the Florida Everglades.

The name of the late Governor N. B. Howard of Florida is connected with the scandal.

Sensational evidence is in store, they assert, and they add that the inquiry will proceed until the country is fully informed. Secretary of Agriculture Wilson and other high government officials will be questioned about this huge swamp land promotion project by which millions of dollars have been got and are being got from small investors all over the country.

One batch of 180,000 acres of this land was sold through the Florida Fruit Lands Company to persons in

the Middle West. There is a suit pending for recovery on the part of 12,000 persons who invested in this batch.

The plaintiffs in the case aver that Dolan received \$2,880,000 gross for this land on which he had paid the State of Florida about \$50,000 and on which he is expected eventually to pay \$100,000.

NEARLY A VICTIM OF THE PAID SLUGGERS

Janesville Man Working in Chicago When Labor War Was On Was Picked for Maiming.

William Helge, linotype operator at the Gazette, was a witness in the slugging case in Chicago yesterday where Doehner, former secretary of the typographical union, is being tried on the charge of having hired sluggers to maim non-union men which eventually ended in the death of a man named Denon. Mr. Helge was informed by the attorney handling the prosecution that he had been picked for slugging one night, but the men hired were afraid they would make a mistake, and let him pass. Helge was not employed at the shop when Denon was killed.

A report of yesterday's hearings in the case is as follows:

The case in that of William J. Doehner, former organizer of a union, who is on trial for his life for hiring sluggers to beat up Rush V. Denon, a newspaper printer, who died from his injuries.

"Jack" Daly, another slugging, William testified, had made a proposition with him whereby he was to receive \$10 for every man he slugged. He testified to "getting" one man of the name of Berghouse.

"We were standing at Orleans and Chicago avenue when Denon and another man came out of a saloon," the witness said.

"Daly said, 'There goes our man now! Run through the alley and head him off!' I did as he told me to, and when I got to Kingsbury and Superior streets I saw Denon in the street. He was down."

Tells of Former Assault.

Telling of the Berghouse assault, the witness said:

"I had been on the job four nights before I slugged Berghouse, but there hadn't been anything doing. It was on a Saturday night when the slugging came off. Daly was standing across the street and I slugged Berghouse when Daly tipped his hat. That was the signal to hit Berghouse and I knocked him down. William Wilson then went up to him with a knife. When the fellow got up he staggered down the street and we then went at it again and I hit him in the jaw."

"William Mathewson was with us and the crowd of us went to a saloon, where we met Daly. All of us went downtown and Daly got \$50. He gave me \$10. I don't know what the other fellows got."

Confesses Denon Slaying.

Samuel Cassidy, another slugging, appeared to be nervous when he first mounted to the witness stand, but he regained his composure after a few moments of examination at the hands of the special prosecutor, former Judge Willard M. McEwen. He told of having killed Denon with a blow from his fist on January 10 of last year at West Superior and Kingsbury streets, knocking him into the street and fracturing his skull.

"I met Daly in a saloon at Orleans street and West Chicago avenue and he asked me if I wanted to make a few dollars," said Cassidy in telling his version of the slugging of Denon.

"He said all I had to do was to slug a few 'seabs.' Daly pointed out Denon to the four of us and said that was one of the men we were to get. I was standing alongside of Cassidy when Denon came by. I hit Denon with my fist and he fell out into the street."

"Daly told me I would have to wait until he got the money downtown and

I Got \$10 Later from Garity.

Swears Doehner Hired Daly. Edward Barrett, another witness, admitted having been hired to slug non-union printers. His testimony directly connected Doehner, the man on trial, with the slugging of Denon.

"I was in the Edelweiss saloon when Doehner hired Daly to slug 'seabs' for \$50 each," Barrett testified. "I saw Doehner hand Jack Daly \$25 advance money. I didn't do any slugging, and didn't get any money. The first night I went out to do some slugging about a dozen men came out of the printing shop and I said to Daly that there would be nothing doing because there were too many men in the crowd."

"Did you hear Doehner say anything about slugging the non-union men?" asked Mr. McEwen.

"Yes," Barrett answered, "he told us to slug them and beat them up so they would not be able to work."

Frost on the Moon.

Changes on the moon's surface, especially near the crater Linnacus, are now recognized by Pickering, Barnard and others. It is concluded that the diminution of a white patch must be a melting of snow frost at sunrise and that the deposition and melting of frost must be taking place in other parts of the moon.

Wanted 'Em Back.

"Our engagement is at an end. Leave my presence at once, sir, and forever!" said the angry madden, stamping her foot. "Oh, very well," answered the young man, calmly, "I'll gladly leave your presence, but I shall take my presents with me."

Shocking Sounds.

In the earth are sometimes heard before a terrible earthquake, that warn of the coming peril. Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention. If you would escape those dangerous maladies, Dropsy, Diabetes or Bright's disease, Take Electric Bitters at once and see back-ache fly and all your best feelings return. "My son received great benefit from their use for kidney and bladder trouble," writes Peter Donny, South Rockwood, Mich. "It is certainly a great kidney medicine." Try it. 50 cents at People's Drug Co.

Tailors to particular women. As many fittings as necessary to insure perfect satisfaction

Your Spring Suit

Should emphasize your individuality and enhance your natural charm of figure. "Paris-Made" Suits accomplish this. We buy direct from the mills, saving the middleman's profit—to you.

Hand-tailored suits in the newest Paris, London and New York models, of stunning imported fabrics—only one suit to a pattern, insuring exclusiveness—lined with heavy silk, plain or fancy, and equal in every way to suits that would cost you many dollars more elsewhere.

All fittings by experts and all work done in our own splendidly equipped workrooms.

Spring garments should be ordered now, insuring perfect satisfaction in choice of material. Delivery when you wish.

READ GAZETTE WANT ADS

And Now, In The 1912 Chrome-Nickel Everitt, Is At Last Obtainable The Car That Starts Itself

IN The Saturday Evening Post, there appeared a remarkable automobile announcement. The story of "the car that bridged the gap between the \$1500 price and the \$4000 quality," has since been read and wondered at by millions. Thousands have responded. That an All-Chrome-Nickel Steel Car of the highest character could be bought for less than \$4000 was astounding; that the costly equipment specified could be included was unbelievable—but there was

more to come. It was stated that a later announcement would tell of still another startling innovation. Here is the final chapter of that great story. The New Everitt Four And Six are Positively Self Starting! No more tedious "cranking;" no more hard work and uncertainty; no more bruised knuckles and broken arms—for a touch on a button starts the new Everitt. Thus, in this marvelous Car, is swept away the last element of brute strength, of doubt and of danger; for here, at last, is the car that starts itself!

- 120 1/2-inch Wheel Base
- 48 Actual Horse Power
- Fully Equipped
- 36x4-inch Tires
- Dismountable Rims

- Self Starting
- Chrome-Nickel-Steel
- Finest Construction
- Six Cylinders
- \$1850

The 1912 Everitt "Six-48" Price, Fully Equipped, \$1850

"Touch a button and it starts!" That is the final, compelling chapter of the marvelous 1912 Everitt story that has swept across the country like a flood; that has brought thousands upon thousands of inquiries; that has almost buried our Sales Department at the factory under orders and requests for territory, and that is now the talk of the industry from Maine to California.

If you know automobiles at all; if you are in the least acquainted with motor car values, —you know it is literally true, that

cluded at the new price of \$1250. At this writing, there are dealers' orders in the factory for over twenty-four hundred 1912 Everitts. This represents two-thirds the next year's output. You can see for yourself how the country's keenest judges regard these cars.

There Never Was a Car Like This

Consider for yourself the unheard-of value offered in this matchless Six! Its construction throughout of Chrome-Nickel-Steel, three times better than "good" automobile material—the one steel used in battleship armor—never before used except in a few of the finest \$4000 cars.

Its manufacture—complete in one factory—by automatic "jigs and fixtures," absolutely unvarying, and accurate to a fraction of a hair's breadth.

Its design and supervision by a world-famous engineer, and three automobile manufacturers of eleven years' experience.

Its every detail the result of long experiment and thousands of successful cars.

Its size big and impressive, with long, graceful lines and sweeping curves.

Its power a whirlwind of energy furnished by a Six-Cylinder Motor of the latest type; forty-eight actual horse-power at instant command.

Its building and inspection by the most thorough system known.

Its wheels and tires big, massive, easy-riding, with 25% factor of safety, ensuring extraordinary tire economy; 36 by 4 inches in size; and Dismountable Rims.

Its Equipment Complete, with Top, Windshield and Speedometer included.

Two-Thirds the New Everitts Already Sold

Except in size, the New Everitt "Four" is practically a duplicate of the "Six." The general type is similar; the same Chrome-Nickel-Steel is used throughout; the same generous equipment of Top, Windshield and Speedometer is included; and the same positive Self-Starting is built into the car. Were there no "Six" in the New Everitt line, this magnificent "Four" at \$1500 would alone mark out the Everitt as the car of the year.

But there is still another Everitt of unique value and desirability—the "32" at \$1250. This splendid fifteen-hundred-dollar car has won to the highest standard of efficiency, reliability and satisfaction-giving qualities during the past two years. Except for the new Everitt "Four" and "Six," there are few, if any, cars within five hundred dollars of its cost that offer near as much to the actual user. This year the car is better than ever, and full equipment, with Top and Windshield, is in-

Get An Everitt If You Can

You begin to see now the wonderful values offered in the 1912 Everitt. Take any one of the three models—the Six, for instance. Consider what you are getting for \$1850—\$4000 quality; Chrome-Nickel-Steel construction; all the advantages of the Six-Cylinder type; Whirlwind power; Long Wheel Base; Six Wheels; Dismountable Rims; Full Equipment;—and a car that Starts on a Push-Button! And the new "Four" and "Thirty" are but little less desirable!

Don't be content with a mere car, when you can have an Everitt! Don't tug and grind on a crank, when an Everitt starts at will! Don't take chances on a broken arm—there are hundreds every month—when the Everitt's push-button starts the motor from the seat! Don't deny your wife and family the pleasure and convenience of driving, when ease and safety are certain in an Everitt!

Remember, these advantages are only to be had in Everitt cars. Many are completely covered by Everitt patents. You cannot get them elsewhere at any price.

And, if you want a car like this, you must order now. The Everitt factory production is limited. Good cars are always built slowly. There will be only 3,000 Everitts for 1912, for cars like these cannot be built in quantity.

We can only get a certain number of 1912 Everitts. Reserve yours before it is too late. You take no chances. This car carries the most liberal factory guarantee ever offered. Ask for the details.

DELIGHTFUL COMEDY AT MYERS THEATRE

Largest Number of Laughs Ever
Crowded into One Play Were
Found in "Excuse Me."

Henry W. Savage's production of "Excuse Me," written by Rupert Hughes and presented by a very able company at the Myers theatre last evening, proved to be an attraction crowded with fun and laughter such as has not been seen here for many a day.

From the beginning to the end there was not a dull spot and the novelty of the situations and the cleverness in which they were presented by a cast of players who approached perfection, added materially to the entertaining qualities of the piece. The play is simply a riot of fun, or a "Pullman Curfew" in three sections, as the program announced, which was certain to drive away the blues of the bluest.

The scene of the piece was in a Pullman car bound for Reno, and in a combination car of the same train. The passengers included Mrs. Wellington, a part which was most capably taken by Blanche Douglas, who was bound for the Nevada metropolis to secure a divorce the number of which might have been three or four; and her husband, a role played by Robert Fisher, a large and convivial person whose love had evidently been equally divided between his wife and the flowing bowl. Forrest Orr as Henry Malory, the young army lieutenant bound for the Philippines, who eloped with Marjorie Newton, but was unable to find a minister before his train started. The two suddenly find themselves on the train which is speeding westward and not a clergyman on board. Helen Luttrell as Marjorie, was loving, pretty, beautiful, and at all times irresistible. Her solicitations for Snooze-bums, the white puddle which she smuggled on board, created no end of merriment.

Itley Chamberlain as the porter created no end of laughter, and the love affair of the old maid missionary bound for China, a part taken by Frances Williams, and William Strum as Mr. Lathrop, was another source of great amusement. The Englishman and the Rev. Walter Temple, and his wife, out on their first vacation trip also added no end of comedy elements.

Of course the ending is satisfactory. Harry and Marjorie get married on the fly as it were, and Mr. and Mrs. Jimmie Wellington decide to live lovingly together, the former making a present of his bottle to the clergyman and the latter presenting the minister's wife with her box of cigars. Everyone came away laughing.

CURIOUS BITS OF HISTORY

CHILDREN IN COAL MINES.

By A. W. MACY.
It seems incredible that with in the last seventy-five years little children were employed in the coal mines of England and, often treated no better than work-animals, yet such was the case. In 1842 a parliamentary commission reported that in many mines it was common for children to begin work underground at seven years old, in some they began at six, and in a few instances as early as five years old. One extreme case was reported where children were worked "as low as four years old," and "so young they had to be brought to work in their bed-gowns." In another case, the report said, "Children are sometimes brought to the pit at the age of six years, and are taken out of bed at four o'clock." The working day was from 14 to 16 hours. The ventilation in nearly all the mines was bad, and the drainage worse. The children were made to draw loads by means of a girdle and chain, going on all-fours, often "through avenues not so good as a common sewer, quite as wet, and oftentimes more contracted." The report aroused general indignation and resulted not only in excluding children from mines, but in revolutionizing labor conditions generally in England.

Task for the Schools.
"What we want the schools to do is to make intelligent citizens and also virtuous citizens—those who can control themselves. A boy has been described as a creature, half horse and half man. And his life depends on whether the man shall drive the horse, or the horse drive the man. We want the reins of self-control placed in the hands of the graduating boy. We cannot maintain a self-governing republic unless we have citizens who are self-governing."—Dr. Lyman Abbott.

Opposition to Woman Suffrage.
London, Feb. 24.—Influential support is promised for the great meeting in Albert Hall next Wednesday which is to mark the beginning of a very active campaign against the granting of votes to women. Lord Curzon will preside at the meeting and among the eminent speakers will be Lord Curzon, Lord Lonsdale, Lewis Harcourt, M. P., and Mrs. Humphry Ward.

A Warning Against Wet Feet.
Wet and chilled feet usually affect the mucous membrane of the nose, throat and lungs, and in grippe, bronchitis or pneumonia may result. Watch carefully, particularly the children, and for the racking stubborn coughs give Foley's Honey and Tar Compound. It soothes the inflamed membranes, and heals the cough quickly. Mrs. A. A. Swagel, Kreh, Wis., says: "I always give Foley's Honey and Tar Compound to my children. It cures their coughs and colds and they like to take it." Badger Drug Co.

Cruel Monarch.
At the annual prize-giving at Woodford House School, Croydon, England, Mr. Ian Malcolm, M. P., addressed the girls, and Mrs. Malcolm gave away the prizes. Mr. Malcolm told the girls that they must be thorough in all that they did, work with understanding, and not mind asking questions, or they would end by being superficial. To illustrate this, he told the story of a little girl who informed her mother who had been learning about King John. Her mother inquired what she had learned, and was told that he was a very cruel man, who rode all over the country in motor cars and ran over people! Her mother was amazed, and inquired what she meant, to which the girl replied: "Well, mother, Miss Jones did say he ground the people down with heavy taxes."

Makes World Better.
No man or woman of the humblest sort can really be strong, gentle, pure and good, without the world being the better for it, without somebody being helped and comforted by the very existence of that goodness.—Phillips Brooks.

THE THEATERS

DANGERS OF PHOTOGRAPHING THE WORLD'S DOINGS.

Perhaps at some time you may have stood on a street corner and breathlessly watched a man with a camera perched on the topmost girder of a skyscraper coolly taking a moving picture of the panoramic scenes hundreds of feet below him. Or you may have seen him at a military manoeuvre while hundreds of horses thundered down upon him at break-neck speed. Possibly at still another time you may have seen the camera man at the most perilous turn of an automobile race-course calmly photographing the roaring racers as they rushed on at sixty miles an hour, and your heart stood still until the dust cloud blew aside and showed you the pictorial news gatherer was still alive. You marvelled that any human being would take such risks. But these risks are very much a part of the day's work for the staff photographers of Lyman H. Howe whose Travel Festival comes to the Myers Theater March 26 and 27, matinee on

27. Mr. Howe and his staff are constantly watching the world, and very often, with an intuition born of experience, they anticipate and prepare for many events before they occur. It is because of such preparation that the scenes of any given subject Mr. Howe presents are exceptionally complete. His organization is world-wide and through it he photographs the news just as a great newspaper with its foreign correspondents write it. In nearly every big city the world over, Mr. Howe has his representative—a man who is always alert and of proven resource and courage. In addition to them he has still others who are roaming ceaselessly over the entire globe, sighting, like Alexander, for more worlds to conquer, and, unlike Alexander, constantly finding them, as is indicated by the entirely new program which Mr. Howe will present.

"THE SERVANT IN THE HOUSE"
One of the potent appeals of "The Servant in the House," which will be

seen here soon at the Myers Theatre Tuesday March 12 is its remarkable realism. Audiences lose themselves in the unfolding of the beautiful story and awake to a sigh of regret. Commenting on this fact, Harper's Weekly says: "Here is a drama so great, so compelling, so reverent, so akin to all the beautiful and permanent things of life that it is more than a play; more than a novel, more than a mere book. It is a page from life itself, revealing the brotherhood of man as a real, breathing thing; showing how impossible has become possible." According to the critics, "Not in a lifetime has such a wonderful play been created."

"THE CHOCOLATE SOLDIER"

Light operas may come and light operas may go, but "The Chocolate Soldier," which Mr. Whitney is offering for the third season in more magnificent style than ever before, seems destined to go on forever. Its representation here at the Myers Theatre, Tuesday evening, March 5th is only one of a hundred engagements that have been made in answer to an imperious demand from all parts of the country for the greatest light opera since the beginning of the present century. Beyond the shadow of a doubt, "The

Chocolate Soldier," when its full glory burst upon New York three years ago, revived, illuminated and enriched the traditions of light opera which seemed to have perished the traditions of light opera which seemed to have perished from earth when Gilbert and Sullivan withdrew from the theatre. Its libretto, an arrangement of "Arms and The Man," Bernard Shaw's mock social institutions in the guise of a Bulgarian war romance, is replete with situations that are themselves an evening's entertainment. But the crowning glory of the opera is the music of Oscar Strauss. Its variety astonishes the listener, its delicious melodies cling to the memory like sweet perfume; from the overture to the finale the spell of the bewitching music is uninterrupted and absolute. To give his audience a perfect conception of its full beauty, Mr. Whitney provides a special orchestra of musicians thoroughly versed in the score of the opera. This alone is equivalent to giving a bond for a first class performance. Operatically and dramatically, the Whitney Opera Company is a harmonious unit. Mr. Whitney insists that every member shall have been trained in grand opera, where a knowledge of acting is indispensable to a singer. Nowhere has this rule proven more valuable than

in the case of "The Chocolate Soldier." The cast of characters include Frances Hewitt, Emma Loomis, Lotta Gale, Roy Purviance, J. Russell Powell, Olive Randolph, Nelson Riley, George Ogle and J. F. McDonough.

A Strange Story.
A family in this city has just celebrated the twentieth anniversary of the entrance of the cook into their service. Truth is stranger than fiction.—New York Herald.

Almost Lost His Life.
S. A. Stid, of Mason, Mich., will never forget his terrible exposure to a merciless storm. "It gave me a dreadful cold," he writes, "that caused severe pains in my chest, so it was hard for me to breathe. A neighbor gave me several doses of Dr. King's New Discovery which brought great relief. The doctor said I was on the verge of pneumonia, but to continue with the Discovery. I did so and two bottles completely cured me." Use only this quick, safe, reliable medicine for coughs, colds, or any throat or lung trouble. Price 60c and \$1.00. Trial bottle free. Guaranteed by People's Drug Co.

THE EARLY PURCHASER HAS THE CHOICEST SELECTION. NOW IS A GOOD TIME.

F. J. BAILEY & SON

THIS IS ONE OF THE FIRST OPPORTUNITIES TO SELECT FROM A GREAT AND VARIED LINE.

SUCCESSORS TO BORT, BAILEY & COMPANY

Special Ready-to-Wear Opening and Sale.

Monday and Tuesday, Feb. 26th and 27th

On these two days we shall have on sale, in addition to our own new line, a great sample line from one of the largest houses in the trade. Any garment in this line will be delivered or orders taken for special sizes.

IN THIS GREAT ASSORTMENT WILL BE FOUND THE FOLLOWING LINES:

<p>LADIES SUITS</p> <p>Embracing all the newest and noblest effects and ranging from \$15.00 to \$40.00 each. Serges, whipcords and mixed effects. These new spring suits are marked by their attractive collars, the natty short jackets and new style skirt.</p>	<p>LADIES COATS</p> <p>Hundreds of new spring coats; the latest ideas from the leading makers; prices from \$10.00 to \$30.00 each and bearing the mark of style and beauty. A very noticeable feature is the reversible collars and the new spring cloths.</p>	<p>LADIES DRESSES</p> <p>White, blue, tan, \$6.00, \$7.00, \$8.00, \$10.00, \$12.00. They are a surprise and a delight and it does not seem possible that such beautiful garments can be produced so cheap.</p>
<p>100 MISSES SUITS</p> <p>This is the most beautiful collection you ever saw. The sizes are for Misses, 14, 16 and 18 years, and are particularly desirable for small ladies; the colors are gray, tan, blue, green, lavender and mixtures; prices \$12.50 to \$30.00. This is an opportunity for the young ladies that they will do well to take notice of.</p>	<p>MISSES COATS</p> <p>In the assortment you will find a fine collection of Misses' Coats. The spring fashions point straight to coats and the elegance and style of these Misses' coats mark them as an important article of spring dress. Prices from \$10.00 to \$20.00.</p>	
<p>JUNIORS LINGERIE DRESSES</p> <p>There will be shown in this sale over two hundred Junior 6, 8 and 10 year dresses. Not the cheap, trashy kind, but the highest grade line in the country. The White Confirmation dress ranging from \$3.00 to \$20.00 each and the linen and pique dresses from \$3.00 to \$10 each. You will be delighted with this exhibit.</p>	<p>LADIES AND MISSES LINGERIE</p> <p>In this line will be found a choice collection of high grade lingerie, gingham, linen, pongee and duck dresses, a collection seldom seen outside of the large city stores. It is useless for you to trouble to have such garments made when you can purchase them cheaper than you can make them.</p>	

We ask your inspection whether you wish to buy or not. The goods will be cheerfully shown--and you will see a whole lot of spring beauty. Our prices are cash prices and are low. We will lay garments aside on partial payment and take special orders for special sizes without extra charge and alteration on all wool garments free.

Sale Monday and Tuesday, February 26th and 27th
